There's a "Want Ad Audience" Waiting For Your Message!

Each classification of the Want Ads has its own special readers—people to whom, on that particular day, the ads under that classification have especial

The people who are looking for work read nothing else in the paper with half of the interest and attention that they give to the "Help Wanted" ads.

-The people who want to find places in which to live turn eagerly to the "For Rent" classification, and welcome the appearance of an ad that looks to be "worth investigating."

The people who are about ready to stop paying rent read the real estate ads with the purpose of finding the hoped-for home.

The employer, whose need of "help" is urgent, A turns to the "Situation Wanted,' ads in the hope that

the worker he needs has advertised. With every classification, it is the same. There is a changing "audience" every day, but a sure-to-beinterested one. Thus, when CLASSIFIED, your

message goes DIRECTLY to all of the people in the city who, on that day, have any interest in that sort of

The last people to wake are the people who pay the

The bills are getting too big these days in both cases. And the man who is feeling at most with respect to tires the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our are service starts with good thes--U.S. Tires. All cizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire -the first pneumatic truck

The U.S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and " sell U.S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

Plowing Demands

Plowing, which requires every ounce of power your tractor engine can develop, demands the utmost in lubrication.

Your crankcase oil must have body enough to withstand the heat of the engine—which is tremendous during the long, blistering-hot

You must have an oil like Socony Tractor Oil—that will stand up under the severe conditions found in tractor engines, most of which operate at 90% of their rated power all the time. Otherwise you get scored cylinders, worn bearings and loss of power.

Socony Tractor Oil has been specially developed for use in all types, makes and sizes of tractors. It holds its "body" against heat, protects frictional wear, reduces vibration and keeps the right seal between piston and cylinder wall, which produces full power. Buy Socony Oils, Greases and Fuels at the Socony
