SIGN-BOARDS ON THE UP-ROAD

Hamilton B. Williams

Is it not true, my comrade, that we behold the face of God in the light that gleams from every pure and kindly heart? For in what other medium than thought woven of light and right and love could the Eternal reveal Himself.

Is not the ancient poet speaking by inspiration when he declares that he sees God in every temple through the eyes of the worshippers that see Him?

If one be seeking God shall he not find Him along every road, at every shrine, in sacred mountain and in sacred garden? For the seeking heart makes every place sacred.

Is it not high faith that declares that all tides drift to God?

Well spake an eastern seer that the

We bide in caravansary
Of Youth a summer's day,
The world a-bloom.
Come, comrade, trip a dance with me,
And then, at dusk, away!
Give others room!
Thrice-thousand years ago on glads
And glebe, the joy-mad dawn
Pung garlands. Joy
The gardens sang as man and maid,
As lovers all had gone,
Love's sacred way.
There are star-stances of trust to quest;
Why dread tomorrow's blight?
Give dust his fee,
The frags in which soul poorly dressed,
Groped toward the morning light,
And liberty!

Dear love, 'tis love-time.
The embers apprise me,
Life's flying.
Dear love, 'tis love-time.
The gray years give us,
Day's dying.
Why art thou late, love?
Wind's sighing.
Why dost thou wait, love
Denying?
The shadows sweep long on the moor,
Time's hands on the door.

upon the supreme task assumed by the friends of Jesus. There is inspiration, there is generation of a fraternal spirit, there is information. All these become possessions of those who assemble together. The benefit of going to church is apparent in the larger life which one gives to one's work and social contacts. One who goes to church befriends himself—and all whom he touches.

DO YOU CATCH COLD EASILY?

Your Vitality is Low—Resistance Weak

YOU NEED PEPTO-MANGAN

Rich, Red, Blood Will Strengthen You and Put You on Your Feet—Able to Resist Colds

Your system normally healthy should never catch cold. Your body is adjusted to take care of sudden changes in weather.

It is when you are run down and your vitality is low that your body cannot adjust itself. Then you take cold.

If you keep your blood in good condition, with plenty of red corpuscles, you will be strong and your body will readily adjust itself to sudden changes. You will throw off the cold germs that go flying into the air when somebody with a cold sneezes.

Red-blooded men, women and children catch cold. They have plenty of energy. They go along with a smile because they feel light.

Try Pepto-Mangan, the successful tonic. It is a wonderful blood builder. Take it for awhile till you feel right.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared both liquid and tablet form. The medicinal properties are the same.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan. It is made by Bayer, and bears the Bull Dog brand. "Bayer's Pepto-Mangan" is on the package.
