## Sunny Side

Feb. 8.—Joe Greenan was a business caller in Andover recently.

In spite of the disagreeable storm a number from here were stopping or just pleasant callers in Wellsville Saturday.

Wm. H. Cohee, who resigned as superintendent of the Statewide Corp. plant here last week, left for his home in the West, Friday night. He made a number of friends here during his stay who were sorry to have him leave. He will stop in Indiana for a short stay before continuing to the coast.

Ed. Brown had an accident Sunday night in which his car left the road near the old Underwood place in West Union, and came to a halt when it struck a tree, turning a wheel and overturning the car. The driver and body of the machine were not injured. The driver was poor, and the snow on the road made it difficult to tell where the car was going.

One of the new cars at the corner of Main and Maple Avenue on the side of Lewis Bros. store has been removed because it had become hollow and dangerous. The maples along our Main Street are fast dying out and there does not seem to be any spirit of recovery. The beautiful trees have been our loss. Most ornamental trees do not seem to be doing well. The old oak trees, however, are the City Club people are trying to get this winter. It is one of our public-spirited men and boys would assist in the necessary work.

In Germany they used to have found a way of making print paper from old newspapers. They used to work out in Germany, but if any fellow should try to do this in our country he would be arrested. It is a very interesting thing.

The formation of a \$150,000 corporation to carry on the business and perfect the service of the C. F. Babcock Company Store marks a new epoch in the history of this great mercantile institution. It is one more step in Mr. Babcock's efforts toward better store service and is evidence of his spirit of progress that has won recognition and appreciation throughout this entire section of the state. The remarkable growth of the business, from a small dry goods store to its present commanding position in the department store field is positive proof.
