The Soul of the Grange

"Within Grange halls I have witnessed all the prob lems of life worked out: Acquaintance ripen into courtship and marriage, the next generation appear and be accepted into the order, old age give way to youth and then pass to the Great Husbandman. I have seen bitterness turned to forgiveness under the careful hand of peacemakers. Always the influence has been one to create a bond of friendship." -From THE COUNTRY GENTLEMAN of May 15th, 1920.

The soul of the Grange is manifest in the farm home It holds that the highest achievement is a life well lived; that the foundation for such a life is the home.

In this age of faltering faith there is need for strong leadership. This the Grange offers. You need its sound counsel, its friendly associations. It needs your support.

The better-living influences of the Grange-radiate throughout the community. They are back of our county scents of the demonstration will being spun within Grange-halls are towen throughout the whole fabric of our country life.
