

SIGN-BOARDS ON THE UP-ROAD

Hamilton B. Williams

The ancient writer in the Book of Job speaks of the revealing of God in the face of Jesus he was stumbling upon a truth of scientific integrity. In the personality of Jesus we see the possible Goodness, Beauty and Truth in human expression. Jesus is the completest expression of God in the human vehicle. But God is far from being exhausted; in every human being lies the possible complete man and woman — complete in the sense of being capable of reaction to the thought of God.

In what other than human-expression could God reveal himself to humanity? The content of the human thought about God, man, life are according to capacity. God is vastly greater than He has been able to reveal thru us; man is enormously more potential than we have discovered. Life lifts to the ranges of blazing light toward the infinite.

The ancient poet fell on a great truth when he declares that he beholds God thru the eyes of the worshippers in the temples. We may reveal to human being the God that we see — no more. The Pharisees snarling God to Zion's Hill gave forth the impression that there was His place, and no other place. Jesus seeing the Father-God revealed a Father-God.

With Massillon we should be under obligation to anyone who magnifies

This is the whisper of God to me and you, the whisper of God for the road, we are breaking new.

To speak good cheer, to lift a rally of fives and drums as a neighborly gift, to lift the lagging folk, the weary folk, the laden folk and groping folk who have lost their way — that is the way of fortune's hand-hard shift.

Come — smiling — thru.

When evening gropes out of the dark, and we'll be turning home; home the lover and the lass, home the traveler, home the farmer from his glebe, home the shepherd from the hills, home the woman from her hearth, home the children from their play, for me and you.

May the kindly God, the Friend who watches all the roads and keeps the way for us, the Father who waits for us when we come lagging and late — give us the lift that shall bring us smiling — thru.

the thought of deity. If one be seeking God he shall find the sacred places to be wherein one seeks.

Well spoke an oriental seer when he said that God-seekers are untroubled by opinions about many things — for the FACT is undisturbed by babble. Whatever God is will be that which we shall ultimately find. What more childish and crude than the "lo, here," of our groping ignorance?

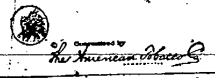

The sign of God is humanity. God is ourselves infinitely magnified. The more we develop humanity the more we reveal deity. Who denies the evidence of God in Jesus? It is manifest in the fact that he laid out a terrific program and played the undiscourgeable friend and gentleman, and would not be disturbed by the clack of the blind and deaf.

Wonderful is the capacity of beholding God leaping from star to star, or winging with the humming bird from flower to flower, but we shall behold God in the human heart that reveals in the good and true and beautiful, which are the signature of God upon His document, and which He places on the lintels of the Home of Life, which keeps the door open. The pure in heart see God and show Him.

There is no song so thrilled with God's voice — as friendship's kindly word.

AFTER AN ILLNESS THE BLOOD IS WEAK

If You Get Well Slowly, Try Building Up Your Blood
IT'S BLOOD THAT FEEDS THE BODY

Pepto-Mangan Creates Rich, Red Blood, Changes Pale Complexions to Bloom of Health

A serious illness, even a cold that is hard to shake off, can reduce the blood to a weak, watery condition which keeps the normal strength and vigor from coming back.

This poor physical condition brings on a helpless discouraged mental condition which rich, red blood can restore.

Pure blood should be rich in iron which Nature supplies to some extent in food. But often thru faulty digestion or improper diet you don't get the needed iron, and your blood, on which your health depends, grows weaker and weaker.

Gude's Pepto-Mangan enriches the blood, increases the red blood cells and supplies the ingredients that bring a quick response in vigor, vitality and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. — Advertisement.

ARCOLA heat brings Jerry home

(Quoted from series of ARCOLA users)

"Our boy Jerry went to college and got new-fangled notions. Your cold house gets my goat," he wrote us.
"Then one Christmas he went home with Billy Sacks, and wrote how nice and warm they were."
"This gets my own goat!" his Pa said. "That kid's too sassy."
"But Pa went down to see Ike Horowitz, the heat man. Now we've got an ARCOLA and hot-water radiators, and our boy comes home."

The IDEAL-ARCOLA gives low-cost radiant warmth, through hot water radiators, to the small home, store or school. Places the cottage, with or without cellar, on the heating plane of the First Mansion in the Land. Replaces stoves, lacks no coalgas, wastes no heat up chimneys. Heats all rooms on less fuel than a stove requires for one room. Complete system, installed by your local dealer, costs but little more than a stove for each room; and far less than old expense for a hot-water heating system.
