LETTER OF APPRECIATION

Mr. Williams Speaks Nice Word of Andover People

Worthington, Ohio, March 7, 1921.
My dear Harvey:

I want you to give a little space to this letter of public recognition of gratitude to the people of the Town in which I have lived awhile along the Trail of Days. Nearly ten years of the pilgrimage — and my caravan is richer by the gifts of the many folk whose pathways and mine crossed.

The Comrade who lives in all the towns of the universe that it well to give a little life to another town — and here I am among a very hospitable and kindly folk, in a beautiful old town. The first dawn was heralded by a red bird, the first I've heard since Virginia dawns. An old tree here has wound around it an enormous trumpet vine over fifty years old. The Masonic building was built in 1803. The church is over a hundred years old — but the folk in it are youth-hearted.

I could not say on the night of the community farewell what I wanted to — the moment was too filled with emotions. This letter is a thank-you from my heart for the wonderful and only too-little deserved tribute of respect. I shall never forget.

It is very easy to go to a town and live in a house; but hearts — that's different. If any of you folk have a bit of a room in your hearts for me — well, make it a front room that looks into the garden of memory. — There will be some who know the garden of memory. "Every moment's thrilled with you, every moment's filled with you," as an old song has it.

The honor you people of the town gave me and Mrs. Williams makes life worth living. It simply links us to the old town forever and always. It is a home-town.

The beautiful watch by the skillful graving of the word "Andover" across its face becomes by that a sacred relic, and in all the years as I watch the passing of the hours I shall see Andover and the faces of you gleaming.

It was a wonderful evening and its values grow by contemplations. I thank you all.

I am sincerely,
HAMILTON B. WILLIAMS.
