

SIGN-BOARDS ON THE UP-ROAD

Hamilton B. Williams

The question of Job, the hero of the ancient drama, "If a man die, shall he live again?" is as yet unanswerable. Only one who had died and came back with evidence of what is beyond — Silence or Song — could answer that question. That is manifestly impossible.

"If a man die, can he live again?" is also beyond answer. However eminent we may presume ourselves to be we cannot tell just how strong soul-stuff is. There may be stresses yet undreamed of; and hypotheses are mere demonstrations.

The third question, "If a man die, shall he live again," is to be answered — yes.

I affirm that we shall live — not again, but live. The words "on," "again," "beyond" are words of our limitation. We are living in a Beloved Community—why not continue to live?

As the logic of values, by reason of reason, by the courtesy of a Gentleman's House, by our hungers and thirsts and dreams, we demand the opportunity, at least, to find what the "beyond" means.

But if one prefer darkness, if one crush his life, if one prefer death, the logic works.

There is in us a personality that is compact of stuff the teeth of time cannot rend, that dust cannot clutch. We demonstrate, housed in this too feeble flesh, that we are able to overcome any stress and climb any

hill. We rise from the dead every day. A moral advance is literally resurrection. A principle achieved is triumph over darkness. No personality has ever been buried. Life is a candle blown into being by the breath of the God-who-lives-in the Dawn-Garden.

Taking stock of our possessions what should live again? I! I wish to live! It is the voice of personality that lifts a rouse to the eternal.

We have a right to be treated fairly. That's what a God's for. We have a right to demand the conclusion of a game well begun if the game has rules and laws.

We have come up thru terrific process to self-consciousness. We know; we do exist; we know the earth is a twisted lane of muddy stresses — and we are too big to be mired and lost.

The destiny of personality depends upon what God is. If He is Eternal Love, all's well. If He is also capable of shutting the gate in the face of any of His children . . . better be outside! "A loving worm is better than loveless God."

If it is a Father's House, there's one whatever way be the cost.

We should live, because we do live. We can struggle into larger experiences, because we do struggle here. We should live in the Presence of the Eternal, because we do live with Him here.

The Universe is Our Home-Town. Life interprets Love.

LUCKY STRIKE cigarette

was not as large as in past games, but they had the proper spirit and the team wishes to thank all for waiting to witness the "fastest" game ever played on the local court.

When the Andover team took the court ready to start the game it presented a change in its line-up. Dawson, who has been playing center and forward, was sent to guard while Harvey-jumped-center. Stevens and Leahy playing forward and Clair holding his old guard position. This change and the manner in which the home boys played nearly "up-set" the Cuba team. Some of the fans say that with more practice Andover can trim Cuba because all Andover lacked the other night was the ability to shoot baskets, while nearly every attempt made by Cuba proved a success.

The Cuba team is very fast. It has not been beaten by a team in Allegany County. Three of its players play on the Cuba town team which beat Richburg 81-30. Richburg is supposed to be the best team in this part of the country and they will play here Friday (to-night). Everyone come and see the last and best game of the season. The girls and boys will both play. In the game with Cuba Andover showed good speed and all played "snappy" basket ball while Gill was the star for Cuba.

The Sign of a High-Grade Dealer

When you see this sign, it means a superior oil sold by a dealer who wants his customers to have the safest and best oil that can be obtained.

VEEDOL is unlike ordinary oil because it is made by the Faulkner Process, which gives Veedol its remarkable heat-resisting and wear-resisting properties. Veedol resists heat, does not evaporate quickly, and does not carbonize. It will reduce your operating expense by decreasing sediment, one of the chief causes of friction and wear. Try it the next time you need motor oil.

corner" and we are assured that he will have a successful season.

This year short-stop will be filled by J. C. Dawson who is sure death to all bes-liners. We hope he will have as good a batting average at the end of the season as he did last year with the town team.

For the garden there are seven recruits and also one of last year's team namely Elton Greene. So providing that we have good weather and no fit luck befalls us, Andover people will be given a rare treat this spring on the diamond when the Collegians get into action. Here's hoping that the people will back them and help them bring the county cup to Andover.

This season's candidates who have reported to Captain Baker are: W. Burdick, E. Clair, M. Crandall,

Baker Ball Andover Lost

The county champions prove too fast for locals on Andover's court.

Friday evening the Andover High School basket ball team met defeat when Cuba played their return game, the score being 21-12.

Some time ago the Andover team journeyed to Cuba where they were sadly beaten, but nevertheless Andover that at the time that they would get revenge, when Cuba played in Andover. Our chance came Thursday, March 31st, but revenge was not so sweet because Cuba again "turned the tables" on the home boys.

The game did not start on the time advertised because the "Cuban" Rangers failed to arrive in time to start the game at 8:15. The crowd

Beta Mu

The High School boys held a Beta Mu meeting March the 29th. Richard Harder and Ronald Gibbs were the "lucky ones." The senior boys have reviewed the ancient society and seem to have a very enjoyable time taking in new members.

P. S. We notice the Kappa Zeta girls know a good thing when they see it and maybe it won't disgrace the school.

If You Can't Find It In Your Home Stores—Come to Hornell

Confidentially we expected nothing more than to see some of our worthy seniors rise and challenge Mr. Platenburg to debate upon some of his statements.

President Boothe Colwell Davis, of Alfred University, has been secured by the Senior Class to deliver the Commencement address.

The method devised by Mr. Tubbs for "fixing" the department marks this month was pleasing to the president at least.

Louise, how did you enjoy the Mason's Hall, at Greenwood?

The Reprisers next week are Loretta Quigg and Daniel Flynn.

Wednesday evening, March 30th, the defeated side in the debate of the English IV. Class entertained the winners. The scene of action was staged at the home of Captain Clair, who, from appearances, had drilled his band. Several talents were discovered during the course of the evening which before were unheard of. Among these Deacon's sensitive sense of smell for smoke was foremost, so the ladies had no fear. Danny, who has appeared to be a deep thinker, fell down on the simple word "frank" but his hopes arose when the warm cigar was taken in.

Fortune-telling was thoroughly discussed in every way; and to such extent that heads began to whirl. But the hero, Mr. Howard, entered and with his original free voice turned the tide to laughter. A challenge was made to the medical students there, when "Deacon" became clamorous and tried the collar chain. But Mr. Clair soon stopped this with his steam con- sidered. "You can't strike down my collar chain." This arrested many suspicions but when the punch was pressed the secret was out. Nevertheless the winners will without any argument declare that "city boys" and girls are right there when it comes to entertaining.

"Opportunity news" is always the most interesting news — and this is the case with the page on the 10th.
