

### Back of Them Every Minute of the Time!

To the frugal man and wife the "Big Business" of the Home is just as important as the "Big Business" of the Industry.

The punctual payment of your family obligations is necessary to maintain your self-respect in your community.

And nothing will so add to your prestige and make it convenient to take care of your household expenses than to have a check account at a bank with the backing and Reserve funds of a Member Bank of the Federal Reserve System.
