

THE House of Never

Is the goal actually reached by many people who really intended to open a Bank Account "Someday" when conditions got better, when they would have more money and not so many places in which to use it? They did not realize that opportunities to spend grow with income. In other words Thrift and Economy work for and with the man who sees and seizes the fact that even a small growing account NOW means a larger account and larger opportunities for accumulation later on.

GERMANY YIELDS TO ULTIMATUM OF ALLIES

Berlin, May 11. — Germany finally yielded to the Allies to-day. With a cabinet chosen especially to accept the Allied ultimatum, Chancellor Wirth to-day sent to London, Paris and Rome a note agreeing unconditionally to all demands. The note was handed to Allied commanders here also.

Events shaped themselves rapidly yesterday after majority Socialists, Democrats and Centrists decided the ultimatum must be accepted.

Allied Demands in Brief

The Allied demand, in brief, was payment by June 1, of the 1,000,000,000 gold marks due on May 1; trial of German officers and soldiers accused of crimes during the war; complete disarmament of the military, naval and aerial arms of Germany's service, and ultimate payment of \$33,750,000,000 in reparations. The reparation obligation would be paid in installments of approximately \$485,000,000 per year, in addition to 25 per cent. of the value of Germany's exports.
