UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Andover. No Andover resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Eduolphs Howland, Barney St. Andover, says: "I do a great deal of heavy lifting and I think I strained my back, which affected my kidneys. Many times when I was in a stooped position and tried to raise up, a sharp pain caught me in the small of my back and I could hardly straighten. My kidneys acted irregularly and the secretions were unnatural. As one of the family had used Doan's Kidney Pills with success, I used some from the Brundage Drug Co. They greatly relieved me in every respect." (Statement given October 9, 1916.)

On August 13, 1919, Mr. Howland said: "I am glad to recommend Doan's Kidney Pills for they surely are a fine remedy for lame back and weak kidneys. I have had no trouble with my kidneys since Doan's cured me a long time ago."

Titworth, director of the summer school to-day, "an realizing this we have engaged a teacher who knows the rural game. Mrs. Bates feels that a close connection with the agricultural school will lend a distinct advantage to the course in rural education at Alfred and help her in her work."

FORD PLANS MONTHLY BONUS

At a conference of Ford Motor officials in Detroit plans were discussed to pay the Ford Motor company's bonus to its employes monthly this year instead of holding it until the first of next year. Last January the individual bonuses ranged from \$50 to more than \$300. With the production now practically normal nearly the entire force once more busy with business conditions still unsteady, officials of the company believe a monthly system of profit sharing will work out better for all concerned.
