

Among Our Neighbors

South Hill

June 1.—Vegetation, which was somewhat backward, has had a wonderful growth since the late rains.

Our Catholic residents have been frequent visitors at Blessed Sacrament Church, Andover, the past week where a mission, conducted by Rev. James Maguire of Buffalo, was held.

Mrs. R. McAndrew, of Andover spent last Friday with her daughter Mrs. Dan Appier and family.

As seed is plenty a large acreage of potatoes is being planted. What will the harvest bring?

Miss Mary Dean went to St. James Mercy Hospital last week, to take treatment for an attack of jaundice following grippe.

Mr. Church is now delivering mail with a new Ford car.

Andover Assessors made their annual trip over the Hill Tuesday.

Mrs. D. J. Appier and little son accompanied Andover relatives Sunday on a motor trip to the home of James Boyle of Belfast.

Leland Livermore is able to be out a little after a long siege with inflammatory rheumatism.

John Dean was a Hornell visitor Monday.

Mrs. James Dean and children were guests of Mrs. Margaret Garvin of Andover a few days last week.

Leo Horan attended the funeral of Miss Monica Fohren in Wellsville Tuesday.

Elm Valley

May 26, '21.—A. H. Tucker, of Arkport, N. Y., was thru this place on business last week.

Jesse Wahl and mother were in Wellsville Friday.

Mr. and Mrs. John Dodge and little Jennie passed the day with Mr. and Mrs. Kenyon of Railroad Valley.

Mrs. Samson passed last week in Buffalo.

Mrs. Charles Dodge was in Olean Friday.

NEW YORK PAYS THE FREIGHT

While the country is retrenching and returning to the status quo of normalcy the New York State College of Forestry directs attention to the freight bill that the people of the state pay on lumber. It is enormous and will require years to overcome. If prompt measures are not taken the reductions in the high cost of living along other lines will be seriously counter balanced by the cost of wood products—increased rentals, scarcity of homes, high prices of furniture etc.

Today freight rates alone amount to about as much as the gross cost of lumber twenty years ago. Freight on lumber has increased from \$3 in 1850 to \$10 per thousand board feet in 1920. It is estimated that the citizens of the state in another decade will have to pay \$15 per thousand board feet for lumber imported into the state.

The freight on lumber is a tax on every user of wood, from the child who wields a baseball bat to his daddy who builds a home and buys furniture or rents a home. If only a small portion of the land that has been allowed to go to waste in New York was producing timber we would not have to purchase in the south and west and pay about 20 per cent. of its value for freight.

New York has dropped from the leading timber producing state to twenty-fifth place. Where the Empire state once contributed 20 per cent. of the total timber products of the United States it now produces only 1 per cent. and only about 10 per cent. of what it consumes. In meantime two-fifths of its entire area is laying idle—unfit for agriculture and suitable only for forests.

W. DAVENPORT ALLEN

Andover is to be greatly favored in the coming of W. Davenport Allen, the great dramatic reader and entertainer. Dr. Allen will give two entertainments at the Methodist Church on June 8th. At 4:15 p. m. he will give his lecture-recital on Shakespeare's "Macbeth." Dr. Allen, according to the judgment of the ablest critics, is one of the foremost Shakespearean readers in this country. No fixed admission fee will be charged for this afternoon recital, but a silver offering will be taken.

In the evening at 7:30 Dr. Allen will give a program of Select Readings, poetry and prose, humorous and pathetic—all entertaining in the highest degree. The admission will be 25c; children under 12, 15c.

Dr. Allen is a special friend of our local Methodist pastor, and has agreed to give his services, so that the proceeds may go toward the purchase of the Epworth League Inn, at Silver Lake, in order that the great work for the young people of Genesee Conference may go forward. Each church in the conference is helpful in this enterprise.

If all the press notices concerning Dr. Allen's work were printed, the editor of the News would not know what to do with his other copy—Advertisement.

The Classified Ads will help you to rent it if it's rentable, and to sell it if it's salable.

HAD NINETEEN OPERATIONS

World War Veteran Passes Away From Wounds Received in France

After having lain in bed for almost three years and undergone 19 operations, Charles Bendle, 26 years old, died in the West Side Hospital in Chicago of wounds sustained in France on July 4, 1918, when he went over the top with the Dandy First, Chicago's National Guard Regiment, in its first baptism of fire in the war.

Dr. George C. Amerson, lieutenant colonel and chief surgeon of the regiment, told the story of Bendle's suffering. "Bendle came to us while we were training in Texas," Dr. Amerson said. "In France the first day we went over the top Bendle was shot three times in the shoulder by German machine gun bullets. From that day to this he has been in hospitals. He was operated on 19 times. The American Legion helped defray expenses and member of the old regiment assisted. Dozens of his buddies visited him every week and we all did what we could to help him to recover."

Ship and Sail under the Stars and Stripes to all parts of the world

SHIPS with the Stars and Stripes blowing from their masts are once more sailing the seven seas. They are, by the Merchant Marine Act, 1920, ultimately to be owned and operated privately by citizens of the United States.

They are American ships, carrying passengers and, as President Harding has said, "carrying our cargoes in American bottoms to the marts of the world." Keep our splendid ships on the seven seas under the Stars and Stripes by sailing and shipping on them.

Free use of Shipping Board Use of Shipping Board motion picture films, four reels, free on request of any mayor, pastor, postmaster, or organization.

BABY SWALLOWED POISON PILLS

Quick Work of Doctor Saves Life of Tot After Diligent Effort

Carl-Olin Jessup, 15 months-old son of Mr. and Mrs. Earl O. Slocum of 154 Thacher street, who swallowed a quantity of strychnine on Tuesday evening, was said today to be entirely out of danger, thanks to the prompt work of Dr. Howard Brasted. It was at first believed that there was no chance to save the baby's life.

The mother and child were visiting at the home of a neighbor. The baby is just-toddling around and in his playing got hold of a box containing a patent medicine used for heart trouble, the chief ingredient of which is strychnine. The baby swallowed a number of the tablets before discovered.

Dr. Brasted was called and worked for an hour trying to save the child. When the case seemed almost hopeless he rushed the child to St. James Mercy hospital and there continued the efforts. By morning the child was out of danger and has now nearly recovered.—Hornell Tribune-Times

NEW REQUIREMENT FOR PUBLIC SCHOOL TEACHERS

The State Legislature has passed a bill requiring all public school teachers to take an oath to obey the constitution of the United States and the State of New York before they enter upon their duties as instructors of the rising generation. This legislation resulted from a revelation of the fact that during the war many of our college professors and many of the teachers in our schools were pro-German and were teaching treason in our educational institutions.

Scoville, Brown & Company's Motor Food Express is a familiar sight on the streets in this section. This firm operates a first-class coffee roasting plant. Their Heart's Delight and Gold-Cross Coffees are becoming increasingly popular because they are the freshest-roasted coffees sold in this section. "Better try Heart's Delight on your next order."

SUITS

The bride's going-away costume is so important—in fact, it should be chosen as carefully as the wedding gown. Nothing is smarter than the embroidered tailleur of navy tricotée.

Gowns for Bridesmaids

White and delicately tinted frocks of transparent organza belong to the bridesmaid by the decree of Dame Fashion. Many exquisite creations will be found here at this time when every department is dedicated to the interest of June weddings.

Gloves—Silk Hosiery—A Wardrobe Trunk and all other accessories of the Trousseau as well as wedding gifts and suggestions for the new home will be featured this week at Babcock's.

WRAPS

A traveling coat for the wedding trip—loose enough to slip over one's suit when motoring, light enough to be carried on the arm. Babcock-coats have a smart distinctiveness of their own.

Hats for Bridesmaids

Lovely lace hats in pastel shades or in white exquisitely trimmed with white feathers, ribbon or filmy lace. For the bride: a filmy veil is a perfect complement to the wedding gown. Draped and fitted to individual order.
