You want Fresh Roasted

When buying coffee, you want FRESH ROASTED. High grade coffee, which has been roasted a month or more, will not make you any more than coffee which has been laid a month or more. We have the best possible equipment for roasting, cooling and packing high grade coffee, and we have facilities for distributing it to the grocers all over our territory, and we sell them once in two weeks. Therefore, our coffee is FRESH ROASTED than you can secure in any other brand. HEART'S DELIGHT and GOLD CROSS are the leaders. NECTAROMA and S-S SPECIAL are also good. You may depend upon us for coffee satisfaction.

A few lines of type will tell you about it, someday - will give you your clue to your opportunity for securing a really desirable place to live, or a chance to buy some long-needed things cheaply.

Agriographs

Cultivation just deep enough to keep down weeds gives the best yields of corn.

Boys' and girls' clubs of to-day are going to mean much to the agriculture of to-morrow. Are you helping in your community?

Industrial leadership at the expense of the farmer may seem good for a time but it is mighty costly to any nation in the long run.

"Did you ever stop to think," said the farm philosopher, "that the farmer is practically the only producer who does not set a price on his product?"

Uncle Ab says it seems to him that we're too much worried about how we spend our hours of work, without enough concern about how we employ our hours of pleasure.

Not a pig in a poke but how to raise pigs on New York State farms is F. 139, a bulletin on swine which your state college of agriculture at Ithaca will send you.

Your name well lettered on a bulletin board in front of your farm, neat letterheads, the use of typewriter are all indications to the world that you are a progressive and businesslike farmer.

They never made a cigarette like this in my day

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.
