# HOLD MEETING

## General Discussion of Wel fare and Social Problems Discussed After Sumptuous Dinner at Olean

One of the most significant meetings in the history of local welfare work was field on June 7th, in the Red Cross headquarters in the City Building, Olean. This was the second gathering of an organization known as the Allegany County Welfare Council which has as its chief purpose the securing of co-operation between the various agencies working for the petterment of the people in general.

in general.

Fifteen members were present representing the following organizations:
The Allegany County Tuberculosis Committee, the American Red Cross of Wellsville, Belmont, and Ofean-Public Health Nursing of Alfred, the New York State Department of Health the Allegany County Home the New YOYK STATE DEPARTMENT OF HEAlth, the Allegany County Home Bureau, Opportunity Class Work in Wellsville, and the Civic League of Wellsville, It is hoped that the council will soon include other representative organizations in the various towns and villages in the county. Several have already signified their decirate in the county.

After dinner at Robie's Tea Room the evening was given over to the admission of new members, and to a general discussion of welfare and social problems of vital interest to such and tentative plans were made for a definite program to be carried out at future meetings. The next

meeting will be held at Cuba Dake,
on July 6th, and a committee was appointed to have the arrangements in
charge consisting of Miss Annie
Hatch, Miss Neva Woods, and Miss
Marie Goulett, all of Belmont.
The general tendency through the
country is toward the co-ordination of welfare activities in order to prevent overlapping duplication and interference of one organization with
another, Such's co-ordination does
well many the subsidizing of any in
dividual organization but rather work.

Sunday another. Such a coordinator were remarked in the camp as pussion.

The camp building will consist of the camp building such comparing together for a common purpose in the most effective away possible. This can only be secured thru a knowledge of the aims and purposes of the various groups and a common interest sensor will attend in their caps and one organization in the work of another.

Monday

Enton Green, in the camp as pussion.

The camp building suit consist of one main building 28 x 36 with complete barbance and the feet square with a separate bath-lous groups and a common interest gowns. It will be a union service.

## GENESEE MILK

STATIONED BURNER

The farmers' milk station which was originally the Genesee Milk and Cream Co. and which has been operated for several years as a butter and cheese factory, was destroyed by fire last week. The origin of the fire is a mystery. It was owned by the Dairy, men's League, which bought the property only three days before it was burned. The League was preparing to close it down to use as a shipwas burned. The League was prepar-ring to close it down to use as a ship-ping station for the hig. Whitesville condensory. It was located on the N. Y. & P. Ry. tracks. The Joss-was fairly well covered by insurence. The milk will be shipped to Whitesville.

cyclock.

An excellent local committee, realizing the importance of this work
is co-operating with the State Department in the local campaign. Mrs.
Hattie Conley, of the Home Bureau,
is shairway, and the ather. is chairman, and the other member are of the Home Bureau.

The committee is organized to reach the homes of the children of the reach the homes of the children of the ages of six months to six years and explain the value of these early examinations to the parents, urging the mothers to bring their children to the consultations—it is expected that over 60 children will be examined and the

parents advised during the days the consultation is in Andover.

In order to carry the necessary equipment a specially designed motor car called the healthmobile has been secured.—This is fitted with an electric generator which makes motion pictures possible entirely independent of local sources of electricity.

The whole outfit heing self cold.

The whole outit, being self contained and cotralete is thoroly independent of local facilities and of railroads and makes it possible to visit many isolated rural communities, and as has been previously mentioned, all expenses are met by the State Depart-ment of Health.

## MRS. LYNN L. LANGWORTHY

Grace Higley Landworthy was born in Hebron, Pa., Sept. 15, 1892, and died at a private hospital, in Hornell, N. Y., from nerve irritation, ollowing an operation, June 12, Her mother died when Grace was

Service. Commission of this state considered it necessary to issue an order
curtailing its use for industrial purposes and in inefficient appliances. A
considerable revenue has been received from gas sold for industrial
purposes, which will be very much reduced hereafter.

If our consumers wish to prolong
the use of natural gas, it will be
necessary that every effort be made
to conserve the supply and see that it
is not wasted.

As the supply of gas decreases it is
necessary to hereafte the affing price
because it fosts just as much to drill

because it <u>costs just as much to drill</u> and operate sinall wells as large ones

and operate small wells as large ones and the production and distribution expenses do not decrease.

We therefore, find it necessary to make a small increase in the price of gas and hereby nowly our consumers that from and after the reading of the meters in July, 1921 and until further notice, an increase of five cents (fic) per thousand cubic feet will be made in the felling price of all gas supplied by this company.
