Roast chicken—nicely and evenly browned all over

That's the way a New Perfection Oil Cook Stove does it with the New Perfection oven. And together they bake pies, cakes and cookies the same way—*evenly*.

Then too, it's so easy to get up a roasting or baking heat with a New Perfection, quickly. Turn the wick up full until the flame has white tips—they furnish the most heat. And the long blue chimney drives it into the oven—you don't make the whole kitchen unbearably hot.

It's no bother to cook with a New Perfection. No wood or coal to bring in, no coal dust or litter to sweep up, no ashes to take out, no fuel wasted.

Over three million housekeepers are already using the New Perfection Oil Cook Stove. You can control your fire so much more easily and accurately than with the old range.

The New Perfection Water Heater is another modern convenience for housekeepers. Supplies ample hot water for all household needs at a trifling cost. Strong and durable—will last many years.

The cook stoves are made in two, three and four-burner sizes, with or without warming cabinet; also in one-burner size with no cabinet. Ask your dealer to show you how simple they are to operate and take care of. Sold by leading hardware, department and general stores everywhere.

The extension department of the New York State College of Agriculture, refers to the waste in the State as New York and expensive desert.

A statement just issued by the department says:

"Land that produces all-practical purposes New York is the distinguishing 12,000,000 acres of nothing is derived from the most part, taxes \$100,000,000. No sane person would produce \$60,000,000 to remain producing factor. Citizens of the state are opportunity to obtain from this natural resource furnish employment for men and women.

Few persons have of what 12,000,000 means. That area is as that contained in New Jersey, Connecticut and the Hawaiian Islands. New York's waste is suitable for growth and yet someone else to produce that might be grown New Yorkers went for the tune of \$5,000,000 that was produced.

The forests hold the promise of a larger future prosperity of the state, a larger natural resource pressing need to ests and make the state, that are the foundations of our productive."

TEN YEARS OLD AND MIGHTY PROUD OF THAT FACT, TOO

Ten Years Old and Going Good

Just ten years ago this concern came into being. We founded this fine store at the principal business corner of the city, with the announced intention of carrying the finest line of men's and boys' merchandise at prices within reason.

You know the result. Ten years later we found ourselves in an enviable position. We survived the period of mounting costs and kept faith with our customers. When prices began to drop we were the first to give the public the benefit. We lost money, sometimes, but we gained friends.

We have spent ten years in convincing the public that there is always full value given for every dollar spent here. We are proud to-day that our friends advertise us by saying, "You can always bank on a square deal at Gus Veit's."

We want to go on gaining friends—and living up to our reputation. So on the occasion of this our Tenth Anniversary, we are going to give the public a sale that will not soon be forgotten.

TENTH ANNIVERSARY SALE

We have gone through our enormous stock and we have marked everything down for this sale. Indeed, many articles are sold for less than cost. We have made the cut on the new seasonable goods as well, and we want you to feel convinced that no sale has ever seen such values, nor will any sale be able to duplicate these prices.

Remember, the reputation of Gus Veit & Company is behind this sale. We have kept the faith for ten years and we will not disappoint you now.

This Sale is on Our Regular Stock, Not Cheap Merchandise Bought for Sale Purposes. Below are Values Such as Hornell Has Not Known of Since Before the War. Buy for Next Winter Even and Save Dollars
