HEALTHMOBILE HERE WEDNESDAY

Ninety-six Children Examined By Staff of Physicians and Nurses. Noted Physicians Here

When the Healthmobile arrived in Andover Wednesday it found in waiting several mothers with children for examination. The library assembly hall had been put in readiness for the event, and within a short time, the work was in full swing. There were ninety-six youngsters examined by the staff of physicians, consisting of Dr. Mahoney of Jamestown, sanitary supervisor of his district, and Drs. Conway and Wakeman of Hornell, assisted by local physicians. Two nurses were also with the party.

As a child was examined, a record was made in duplicate which is filed with the State Department, while the original is sent to the physician named by the parent. A letter will later be sent the parents, from the State Department recording the result of the examination, and if necessary, asking that the child be taken to the family physician for immediate attention.

It is a matter of unestimable benefit to parents to be able to have their little ones so thoroughly examined by competent physicians, and we are proud that so many of our people had the common sense to avail themselves of the opportunity. No doubt the work done in Andover Wednesday will be the means of saving some lives and any amount of physical suffering to those who then came under the care of the representatives from the State Health Department.

In the evening the Auditorium was filled with interested citizens anxious to see the health pictures freely displayed. Dr. Mahoney also gave a very interesting talk between reels.

THE CHEERFUL CHERUB

I met a count the other day,
A fact that fills me with elation,
I must think up some off-hand way
To quote him in my conversation.

RUGER — HOARD

Charles Ruger and Miss Cecil Hoard, both popular Andover young people, were united in marriage, Thursday evening, June 23rd, by the Rev. Walker, at Almond, N. Y.

They were attended by Miss Gladys Lobdell and Mildred Rogers, of this village.

YOU CAN'T HAVE BEER WHEN SICK

House Passes Willis-Campbell Measure By Vote of 250 to 93. Senate Will Follow

Washington, June 27. — By a vote of 250 to 93 the House to-night passed the Willis-Campbell bill to prevent the sale of beer to the sick and sent it to the Senate with expectations of its final enactment before the end of the week.

In closing debate for the opponents, Representative Hill, Republican, Maryland, threw the House into considerable disorder by charging that Wayne B. Wheeler, general counsel for the Anti-Saloon League, had drafted the bill. Pointing to the League lawyer in the gallery and calling him by name, Mr. Hill brought a wild shout from the prohibition element, some of whom stood until quiet was restored.

There was another dry outburst a moment later when Representative Foster, Republican, Ohio, declared there was no truth in the statement about Wheeler's part in the preparation of the measure.

A sharp attack on the rules committee for failing to give right of way to the Volstead supplemental bill was made by Representative Beavis, Republican, Nebraska, a member of the committee, who charged that its work of three weeks had been stifled. Mr. Beavis declared it was a menace to orderly legislation when half a dozen members of the rules committee could nullify the action of another committee in reporting a bill of national importance. Chairman Campbell, defending the committee, said it was unwilling to mix emergency legislation with controversial matters which should be fully aired.

In the midst of a plea for passage of the bill, Representative Barkley, Democrat, Kentucky, was interrupted by Representative Gilbert, also a Democrat, and of the same state, who asked:

"Since we are both from Kentucky, I would like to know if you would rather see a Kentucky Colonel drinking one hundred per cent. liquor than a not belted German drinking a keg of beer?"

Mr. Barkley replied that if he had to look upon one of the two evils he preferred to see the Colonel at the bar.

Representative Cooper, Republican, Ohio, formerly a railroad engineer, took issue with the American Federation of Labor in standing for light beer and wines, declaring it had no right to make the organization speak on moral questions. He insisted that the federation "did not express the sentiment of the working man."

TIMOTHY BAKER

Timothy Baker was born in Andover, July 4th, 1836, and died at his home one and one-half miles west of the village, Tuesday, June 21st, 1921, at 2 o'clock p. m.

Mr. Baker was one of Andover's oldest residents, son of Curtis and Esther Hitchcock Baker. He was a stone mason by trade, and a farmer, having been born on the farm where he has always lived, in a log house, which stood a few rods east of the house in which he died. There was probably no one better posted on the history of Andover and its inhabitants than was Mr. Baker. Possessed with a keen mind and memory he was called upon many times for data pertaining to past events that have transpired in our midst and the phrase "ask Uncle Timothy Baker" was a frequent one heard upon such occurrence. A genial man, with a pleasant word and smile for all who will be missed by many.

Mr. Baker was married three times. His first marriage to Sophia Houghtaling occurred in 1854. In 1863 he married Lucinda Van Cise, and in 1905 Martha Williams who survives him; also two daughters, Mrs. Della Halladay, of Hornell, and Mrs. Nella Baker, of Perry, N. Y., with ten grand-children and twelve great-grandchildren.

Deceased was a member of the M. E. Church of this village. His pastor, Rev. W. E. Smith, conducted the funeral service, June 23rd, at 2 p. m., at the home, and interment was made in Valley Forge Cemetery.

ALL STARS TRIM LOCAL CLUB

The Hornell All Stars Take Fast Game From Local Boys, By a 5 to 6 Score, in Sunday's Game

The Silk Mill Diamond was the scene of some real base ball Sunday, when the local team and the Hornell All Stars played a 5 to 6 game, Hornell getting the winning run in the last inning.

Hornell got a three-run lead in the second when the first two men hit and the third drew a base on balls; the next man struck out, but the following two both hit netting the visitors 3 tallies. Blossie then tightened down and gave the visitors but five scattered hits during the remaining seven innings.

The Andover boys duplicated their opponent's feat in the 8th. The first four men up all hit safely driving in three runs, which tied the score.

The ninth inning opened with the score 5 to 5. The first man up got a hit, but the next two were easy victims, thus making two outs with one man on base. Wachter hit a high fly between right and center field which should have been an easy out thus retiring the side, but thru some mixup in calling the ball, or not calling it, Horan and Harrington ran together while attempting to catch it and allowed the man on base to score the winning run.

In the last half of the inning Trowbridge got a hit, and got around to third, but they were unable to push the score across.

When the sporting editor of the Hornell Tribune-Times wrote the account of this game for his paper he evidently had a bad case of forgetfulness.

Two weeks ago his mighty Hogan came down here with several of the same team behind him and took a beating at the tune of 13 to 4. This game, however, never found its way into the Hornell paper, and again about a month back, the crack Hornell Elks played here, the score was 19 to 8 in our favor. When this game appeared in the Hornell paper, the editor in some mysterious manner, lost 10 scores and the game was recorded 4 to 8. So when we read the account of last Sunday's game all we can do is to recall his previous record and determine for ourselves just how much he had to crow about, over squirming out with a one-run lead.

We suggest that the Tribune copy the following box score for the information of its readers.

GET AUTO PLATES FROM BELMONT

Wanting to Get Your Car Licensed, Go or Send to County Clerk's Office, Hereafter

Albany, June — Get your automobile registration plates, after July 1st, from your county clerk. On that date, the Tax Commission will take over the state's automobile bureau from the Secretary of State's office, and each county clerk other than those in Erie and Albany Counties, and Greater New York, will become a distributing center for pleasure, commercial, omnibus, trailer and motorcycle plates.

Dealers will continue getting the required demonstration plates from the Buffalo, Albany and New York offices, these three offices being retained, but under the direction of the Tax Commission.

The plan of giving out plates from county clerks' offices will not only speed up delivery but also go far in relieving the tremendous congestion which marks the rush period each year. From now on, each county will be in a position to take care of its own motorists so far as plates are concerned.

New York State's automobile year will hereafter begin on January 1st. Chauffeurs will be licensed next year from January to July and thereafter, their licenses will run from July to July, another idea which will work towards relieving congestion. At the present time, chauffeurs have been licensed at the same time as motorists.

Bert Lord, of Chenango County, Assemblyman for the past seven years, has been named as director of the automobile bureau and will have full charge of its activities from July 1st on.

The News extends congratulations.

ALLEGANY GETS A FAT CHECK

County Treasurer Receives Check for \$36,621.55. First Installment of 1920 Income Tax Receipts

Albany, June 28. — Allegany County has received from State Comptroller Wendell, thru the county treasurer, a check for \$36,621.55 — in payment of the first installment of the county's portion of 1920 income tax receipts.

Figures made public by the State Comptroller show the allotment was based on total income tax collections to date of \$33,000,000. Checks aggregating \$16,500,000 were mailed to county treasurers of fifteen-seven counties and to the receiver of taxes in Greater New York. Payment of the 50 per cent. remaining was made into the state treasury to the credit of the general fund.

Counties of New York, the Bronx, Kings, Queens and Richmond, comprising Greater New York, received the prize check, amount to \$11,274,139.63, which goes to swell the general fund for the reduction of taxation of the City of New York.

The other fifty-seven counties of the state received a combined total of \$5,924,860.27. "Income tax receipts," said State Comptroller Wendell, "are apportioned among the cities, villages and towns in the proportion which the assessed valuation of the real property of each town or city bears to the aggregate assessed valuation of the real property of the county."

Figures given out by the State Tax Commission show the assessed valuation of real property for 1920 in the Empire State totals the enormous sum of \$14,595,720,491, which is nearly two billion dollars in excess of the assessed valuation for 1919.

Greater New York counties swept a others before them in the proportion of increase in assessed valuation for the year 1920, the amount reaching \$1,346,863,397. This accounts for the largest share of income tax receipts going to the Greater City.

"While a number of counties outside of Greater New York show increases in assessed valuation, the amount received by some is less than the first distribution a year ago. This is because their proportionate share of increase in assessed valuation is not as large as the proportionate share of other counties. Some counties have raised their valuation to percent, or better over 1919. In such cases, the amount of income tax revenue received by them has been substantially increased over the sum received a year ago in the initial installment."

"The present distribution is half a million dollars in excess of the first payment a year ago on account of 1919 income taxes."

"It is interesting to note that of each dollar of 1920 income tax paid to the state, Greater New York will this year receive 68 cents plus, while the other 57 counties will receive 31 cents plus a fraction of a cent."

Some people act first and beg to think afterwards.
