A NOTICE TO WATER CONSUMERS

Board of Water Commissioners Conserving Water. Illegal Consumers Will Be Cut Off. Talking Meters

The water situation is getting more serious every day and we would ask the users to co-operate with us in saving all water possible. Those using water for gardens and lawns with hose from kitchen faucet, and not paying for lawn or hose connection, must cease or water will be turned off. Those using water and paying for hose connection we would refer you to Sec. 25 of the water rules and regulations of the Andover water works. Sprinkling will be allowed only for 3 hours each day with hose 1/2 inch in diameter having a nozzle 1/4 inch orifice with rate of \$3.00. No person will be allowed to sprinkle adjoining premises. Sprinkling nights only extends from the premises holding permit to the center of the street, and any person violating his rule is subject to a fine and also having their water turned off. Street, lawns and garden sprinkling from hose from kitchen faucet will not be allowed without payment of rental for such purpose.

The Water Board are now considering the use of meters which they consider the only just way for the users and then those who waste water, as many are doing, will have to pay for all they use.

We hope all will give attention to this notice and co-operate with us in saving all water possible at this time. Board of Water Commissioners.

CHIEF JUSTICE TAFT

Announcement of the appointment of William H. Taft to be chief justice of the United States Supreme Court can cause no surprise. His name was first to come to everybody's mind when the vacancy occurred. Public opinion and official opinion were agreed as to his fitness and the appropriateness of appointing him.

Still less can the selection cause any criticism. Mr. Taft was a distinguished judge before he became President. His work as secretary of war and President tended to increase his familiarity with constitutional law and the class of public questions which occupy much of the time of the Supreme Court.

In taking his place as head of the greatest court in the world, Mr. Taft will fittingly round out a very notable public career. — Buffalo Express.

DEATH OF PRESIDENT

W. C. DALAND
William C. Daland, president of Milton College, after several weeks of illness, died at the Sanitarium Hospital, Battle Creek, Mich., June 21st, 1921.

President Daland was born in New York City, October 25th, 1860. For several years he was organist of one of the large churches in New York City. The great work of his life has been done at Milton College where he has been president for nineteen years. For more than twelve years he has been secretary of the Association of Presidents and Deans of Wisconsin Colleges.

AMERICAN MARINES

LANDED IN TURKEY
Paris, July 2. — A detachment of American Marines have been landed at Ismid, a town about fifty miles southeast of Constantinople in Asia Minor, for the purpose of protecting Americans there upon the retirement of Greek troops says a despatch to the foreign office.

A SURPRISE BIRTHDAY PARTY

Maple Street was a scene of jollity last Friday night when twenty-five of Mrs. Floyd Davis' associates from the silk mill followed her home after work with tureens for a mighty good feed. It was kept a complete surprise, and a beautiful silver token was left her as well as best wishes for many more happy birthdays.

THE CHEERFUL CHERUB

One thing that gives me shivers
Of yearning and delight
Is hearing steamboat whistles
Call softly through the night.

STATE CHAIRMAN

New York Democrats Choose Former Congressman as Head of State Committee

New York, June 30. — Herbert C. Pell Jr., of Orange County, to-day was elected chairman of the Democratic State Committee to succeed William W. Farley.

The election was a surprise, as it was generally expected that George R. Van Namee would be named. Mr. Pell was the only name submitted. He is a former congressman.

Mr. Pell's home is at Tuxedo Park. He was nominated by Mayor George R. Lunn of Schenectady. The Democratic State Convention will be held in New York, September 16th.

HEAT WAVE TO STAY A WHILE

No Relief From Torrid Spell in Sight Say the Weather Wise. — Prediction For Friday.

The heat of the torrid wave which has descended alike in intensity all over the East shows no sign of abating, according to the weather bureau at Washington. Instead of becoming cooler, it is more likely to become hotter, say the weather forecasters, without offering any excuse for their uncomfortable predictions.

If not the hottest, the present heat wave is the most enduring known in this locality for years past. That it will continue for at least a week is said to be certain, altho its intensity is likely to be somewhat mitigated by more breezes than those which have been felt during the last few days. No rain is yet in sight.

The sentiment of local people in regard to the high temperature is interesting in its variety. Some mind and some do not. Some thrive on it, but more wilt under it, and it is certain that those who do hard work under the beating sun are none too pleased with the present state of climate.

To-day's Weather
Partly cloudy and continued hot to-day and Friday, moderate south and southwest winds.

DAILY WEATHER REPORT

Farm Bureau Supplying Valuable Information to Andover People
Farmers and others desiring the daily weather report can get them by calling up Andover central at any time after 12:00 noon.

The Farm Bureau members have arranged to get these reports direct from the weather bureau each day this summer. They are received at about 11 o'clock from the government each day at Belmont, and local members are financing the telephone charges to Andover. It will be nearly noon before they reach us.

Every one desiring them may receive them by asking central. And any one who wishes may help pay this expense by giving or sending their contribution to C. T. Rogers or the News. Twenty-five cents will pay for a day's telephone charge. The more quarters received the longer will the service be rendered. Therefore every quarter you contribute means an additional day of the reports.

BELMONT I. O. O. F. TO HOLD COMMUNITY LAWN FETE

Belmont Lodge, No. 331, Independent Order of Odd Fellows, are planning for a real old-fashioned time on Wednesday, August 3rd, when a celebration in the nature of a community lawn fete, field day and house warming will be held. Detailed plans are to be announced later, but the members are most anxious to have the citizens of Belmont be their guests on that day, together with visitors from surrounding villages. A live committee is in charge of the affair and it promises something doing all day and in the evening. The Odd Fellows have a fine property and a big house and are hoping to put on a celebration that will please everybody.

PARAQUETTES

C. H. Watson Jr., had on display in his jewelry store window the first of the week a pair of paraquettes. These birds are a curiosity in the bird family. They are a miniature parrot, and a native of Australia only. The birds Mr. Watson has were born in that country.

Mr. Watson will bring the birds down to the store again to-day and to-morrow for the benefit of those who are interested in seeing them.

The store that is advertised in a big way is patronized in a big way without exception.

LOST ONE AND WON ONE

Lost to Belmont, at Belmont, Saturday, But Easily Took Sunday's Game at Bolivar

The Andover boys played a good game at Belmont Saturday, but the local nine of that place outclassed them with the stick.

The disastrous scoring came in the 2nd and 6th innings when the Belmont boys took an hitting streak, pounding in 3 runs in each inning.

The team was badly weakened by the absence of several of the players on the infield.

Belmont will play a return game here on the 17th of this month, and a good fast game is assured.

Following is the box score:

Two Base Hits, McEntire.
Struck Out, By Armstrong 6, by Wallace 5.

Hit by Pitcher, Armstrong 1, (Crooks.)

Sunday, the team went to Bolivar and gave the cracked team of that place one beautiful drubbing by a score of 11 to 2.

Blossie had the Bolivar batters scared to death from the beginning of the game to the end, only allowing them 3 hits in the nine frames. The offerings of the Bolivar moundmen were unmercifully pounded. Smith started the game for Bolivar and our boys collected the neat sum of 11 hits off him in the 3-innings that he pitched. Signor relieved him was also hit freely, but was more effective than Smith had been.

The local boys surely came back from the batting slump they suffered the day before.

Bolivar plays in Andover this week Sunday, and are fully determined to get Blossie's scalp.

Well see!

ORGANIZED POST AMERICAN LEGION

Will Be Called Thomas M. Lynch Post. Over Forty Members Are Now Enrolled

About twenty-five World War Veterans met at the Auditorium, Friday evening, for the purpose of organizing the Thomas M. Lynch Post, American Legion of Andover.

The meeting was called to order by Porter W. Richardson and the following officers duly elected:

Post Commander, Porter W. Richardson.
1st Vice-Commander, W. S. Cahoun.
2nd Vice-Commander, Mortimer Driscoll.

Adjutant, R. E. Temple.
Finance Officer, R. O. Snyder.
Sergeant at Arms, Harold Emery.
Chaplain, R. O. Burgett.

Committees were appointed to make arrangements for permanent rooms and meeting nights.

The question of a Labor Day celebration was agitated and a committee appointed to look into the proposition. This committee was Fay Boyd, Harold Emery and C. C. Backus. The following were appointed a committee to get in touch with all the ex-service men in this section who are eligible for this organization: Leo Snyder, Archie Bloss and M. V. Lynch.

Applications were made out and signed for a charter and other preliminary steps taken toward the perfection of the organization.

The Local Post at present has a membership of forty World War Veterans, with nearly as many more who are eligible.

HOME BUREAU MEETS

The Home Bureau Society met at the M. E. Church parlors, Tuesday and Wednesday afternoons.

Miss Bertha Coats, of Cornell, gave a very helpful and instructive demonstration in sewing.

Miss Nora Woods, the Home Bureau manager, had a national presser-cooker on exhibition, explaining what a valuable utensil it is and saving in fuel.

A little later the Home Bureau expects to have a lady here to demonstrate the pressure cooker.

K. O. T. M. WINS GAME

Takes a Victory From the Heavyweights From West Almond
Andover K. O. T. M. has a base ball team that is playing some good ball this season. Saturday afternoon they played a game with West Almond boys and won an easy victory.

The West Almond team was the heaviest outfit in averdopise yet assembled on the field, and as they were warming up prior to the game an observer would prophesy that they were some bunch to run up against. But after they had had their first time at bat, it became evident that they would do better playing football than base ball.

Following is the score:

HOME BREW IS POISON

90 Per Cent. of Concoctions Not Fit For Human Consumption

Ninety per cent. of the "home brew" made in this country is poisonous, according to a warning issued by the chemical expert of the internal revenue bureau after he had analyzed numerous samples. In almost all cases, says the expert, home-brewed beer is a "green" concoction and is likely to produce gastritis, inflammation of the stomach and other severe disorders.

The chemist stated that the revenue bureau has received many communications from physicians expressing concern at the number of patients they found whose illness directly is traceable to drinking home brew.

Earl Kemp, I. C.

Wm. Green, O. G.
After the installation the members enjoyed a luncheon and pleasant visit.

GEORGE W. KEMP

George W. Kemp, of Buffalo, a former Andover man, was killed Thursday afternoon, by a fall from a scaffolding on a new residence he was building for himself, in that city. The fall caused the fracture of his skull, a broken jaw and shoulder and several ribs. He was rushed to the hospital but lived but an hour or two.

Mr. Kemp moved to Buffalo in 1895 where he has been successful, and was building a new residence for himself opposite the one he now occupies, on 63. Davey Street.

George W. Kemp was born in Andover, March 21, 1865, and lived here until 26 years of age. He was married to Mary E. Carter (ne Rollins) in 1888.

Besides the widow he is survived by the following brothers and sisters: Frank E. Kemp and Ralph Kemp, of Andover; Mrs. Alice Beal, of Alfred; Mrs. Mary Morton, of Hornell; and Mrs. Izzy Cronk, of Andover.

The remains were brought to Andover and the funeral conducted at the Methodist Church, Saturday afternoon, Rev. W. H. Smith, pastor, officiating.

The interment was in Hillside Cemetery.

UNDERWENT OPERATION

Miss Mary Snyder, of this village, underwent a surgical operation last Saturday at the Jones Memorial Hospital, in Wellsville. Dr. Comstock operated, assisted by Dr. Lewis, of Belmont, and Dr. Benedict, of Scotia.

At this writing her condition is reported favorable for a rapid recovery. Miss Snyder was the first patient to be operated on in the new hospital.

HOT

Andover thermometers registered, in the shade, 102 degrees Sunday, 103 degrees Monday, and 100 degrees Tuesday.

WANTS U. S. TO CONTROL UTILITIES

Farmers Say That Nation's Workers of Land Have Had Enough of War Burdens

Washington, July 3. — Government ownership of railroads, government control of all natural resources, taxation of war profiteers, and abolition of militarism, are outstanding demands in a "Declaration of Independence" for farmers, issued here to-day.

The manifesto will be presented to Congress by the Farmers' National Council to-morrow. It is signed by Herbert F. Baker, president, and Benjamin C. Marsh, secretary of the council.

Five thousand million dollars or more, the statement declares, is the loss which farmers of America sustained last year from the slump in the price of farm products.

The farmers, it is declared, are determined that the credit relations on which they depend shall be completely severed from Wall Street influence and control.

This, with government ownership and operation of the railroads, it is asserted, will save the farmers at least a billion dollars a year.

The statement continues: "The progressive farmers have declared their independence of the 'Big Five' packers, and will not rest until they have secured real packer control legislation.

Dislike War Taxes
"They have thrown down a challenge to the war profiteers and asserted their right to be freed from bearing for half a century the cost of the war, and demand in unequivocal language that the war profiteers who escaped unscathed shall be compelled to pay their share of the war costs.

The progressive farmers assert their rights and the rights of the American people to common use of the natural resources of the country and demand that the development thereof be subject to absolute government control.

The farmers of America refuse to be made subject to the militarism of this country. They are opposed to universal compulsory military training and to a huge navy and a large standing army.

This declaration of independence is no idle dream, but the solemn conviction of American farmers. Congress will do well to heed this demand and to give adequate and prompt response to the just demands of the farmers in their declaration."

BURDICK REUNION

The thirteenth annual reunion of the Amos Burdick family was held at the home of Mrs. O. D. Burdick, of Alfred. About fifty were present, and probably the fact that it rained at intervals during the day, kept many from attending. At noon a bountiful dinner was served, after which a social time was enjoyed by all.

At the business session the following officers were elected:
President, C. C. Burdick.
Secretary and Treasurer, Edith Baker.
Refreshment Committee: E. F. Stearns, Earl Burdick, F. G. Burdick.

An invitation was extended by Mrs. Bertha Potter to meet at her home, at Alfred Station, the last Wednesday in June, 1922.
