Hominy and gluten feed firm because of prevailing high corn production fair but prices holding quotations. Good demand for single carlots of hominy. Feed in middle western states. AUTO RACES AT THE WELLSVILLE FAIR

The announcement that Saturday, Aug. 13th, has been set aside as auto day, and that a program of sensational Auto Races will be offered, has aroused a great deal of interest. We are fortunate indeed, said Noel Cooke, secretary, yesterday, in offering the visitors to our fair a high-class program of Auto Races, and we are assured of entries from at least six of the most famous pilots of racing cars now available.

Music, Free Acts, the Midway and their attractions will of course be in evidence on Saturday, said Mr. Cooke. But the real thrillers will be witnessed on the track. Thousands of people gather yearly at the leading fairs to see the speed kings in action, and the Wellsville Fair will not fail to give the public what they want, regardless of expense. The Wellsville track will permit plenty of speed by the dirt track champions who will furnish the entire afternoon program. Some of the greatest drivers have already been signed for the speed carnival, best known perhaps, is "Wild" Bill Endicott, the dean of dirt track drivers, holder of all New England records from one to 25 miles.

"Wild Bill" will drive his famous Hudson Special, the car that has helped him to shatter all track records, and is capable of doing 110 miles per hour on a straight away. Another famous driver will please the ladies. Miss Zenita Neville, World's Champion lady driver, will match her skill and daring with the best of the men, will not drive just on exhibition, but compete in two or more races, and asks no favors, but a clear track and a fair start. Auto Race Day will offer a program of eight events, with races of from three to

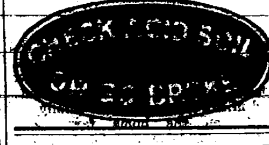

ton-japs, and from three to six starters in each race. The events will be open only to professional drivers, as the management will not assume the risk of permitting amateur drivers threaten the spectators with sudden death. At least six entries are assured, more than enough to make Saturday Aug. 13th, the red letter day at the Wellsville Fair. Saturday is Auto Race Day, so all you speed fans take notice, and save this day for a feast of thrills. — Advertisement.
