

HAVE YOU "GOOD LUCK"

The "good luck" that goes hand-in-hand with success does not merely happen, but is the result of sensible plans and well-directed effort.

Thrift brings what the unthinking man calls "good luck." The thrifty man lives within his income always, saves constantly and invests prudently. He puts his surplus to work to earn interest for him. This thrift habit inevitably brings money and wealth.

If you have a Savings Account now, make it grow. If you have not started an account, do so right now. It will be the beginning of better things for you.

DIVINE HEALER CURES

Hornell the Scene of Miraculous Faith Cures.

Rev. John Kellner, who for the past few days has been successfully practicing the science of divine-healing at his evangelist tent, headquarters in Madison Avenue, and whose marvelous restoration of speech and hearing to deaf and dumb boy, Arthur Lee Halter, has already been reported continue to cure the afflicted as fast as they flock to his tent.

The last two persons to have been helped wonderfully by the administration of Rev. Kellner were Mrs. Aseneth E. Plank, 85 years old, of 28 Canissee Street and Miss Luella Beecher, 22 years old, who lives in Canaseras.

Aged Mrs. Plank, who has not walked for the past 12 years, and who has been totally deaf for the past 13 years, can now move about and hear again.

Young Miss Beecher, who has been deaf and dumb ever since she was two years old, cried, "Praise the Lord," after the prayers and understanding of Rev. Kellner had evoked divine beneficence in her behalf.

Both Mrs. Plank and Miss Beecher eagerly submitted testimonials to substantiate the fact of their cures. The one was a total cripple, and the other entirely without the power of speech or hearing. To-day they are quite all right again, and to Rev. Kellner they give entire credit for their astounding recoveries.

Rev. Kellner holds nightly prayer meetings, after which he will administer to all who seek his aid. Kellner is, of course, a very devout Christian, who professes to believe wholly in the Bible and divine healing.

CAT PURRING IN PHONE BRINGS POLICE IN HURRY

New York, Aug. 3. — A telephone operator on duty in the Jamaica exchange became highly excited when, on plugging in on a line that was signaling, she heard a noise like that made by throat patients when the doctor says "now say a-a-a-a-h."

She listened and the sound was repeated, so loudly that she knew instantly, if not sooner, that at least three women and two children were being choked to death. She called Jamaica police headquarters, gave the street address of the house where the choking was being done, let the lieutenant at the Jamaica precinct listen to the noise, and then ran to get some smelling salts to keep from fainting.

Less than 15 minutes later a flock of policemen galloped up to a dwelling in Harriman Avenue. All windows were dark. The ringing of the bell brought one of the occupants to the door. He admitted the cops when they told him some one had been murdered there. The place was searched and when the sergeant leading his men, reached the dining room and snapped on the light, the crime was disclosed.

On the table was the telephone overturned, with the receiver unhooked, and with his mouth aimed at the transmitter was the family cat. It fell asleep and purring. The animal is to be treated by a specialist who knows a lot about spring cats of purring in their sleep.

ZIG-ZAG FOLLIES

Entertainment Was Up to the Erhart Standard - Which is the Best

The Erhart's Zig-Zag Follies for the benefit of the Athletic Association and the American Legion, drew good sized houses at the Auditorium, Monday and Tuesday evenings.

This was the Erhart's fourth appearance in Andover, and it was therefore no surprise to Andover people that his show was gorgeous and delightful. The scenic effects were up to the standard of his previous productions.

While there was not as much volume to the voices in the chorus as formerly, those attending the performance claim it a very good show.

Special mention should be made of the "Dance of the Dragon Fly" by Ella Adelaide Baker, and the "Ball of the Rose" by Mary Horan. These little people really were clever in their work and deserve the greatest praise.

The last night of the show the weather interfered with the attendance of many who had planned to go Tuesday night.

Financially, while the Athletic Association and Legion will make a little clear money, they did not receive as much as they should for the time and money that was put on producing it.

A very enjoyable dancing party was given the cast at I. O. O. F. Hall immediately after the performance Tuesday night.

As an entertaining feature the production was a grand success. Everyone proclaimed it good.

Taiping Rebellion 1850-1865.

What is known in history as the Taiping rebellion was an insurrection of a section of the Chinese which originated in 1850 and was not suppressed until 1865. The rebels were under the leadership of a man who declared that he was divinely commissioned by heaven to establish a universal peace, though his real object was to overthrow the Manchurian dynasty at Peking.

This rebel chief, the Detroit News recalls, was named Hung Sui-tsun, who began life as a village schoolmaster. Branching out, he styled himself "the heavenly king" and his dynasty "Taiping" or "Great Peace."

For a time the insurrection was one of formidable dimensions, but the rebels were finally defeated, largely through the assistance of British troops, led by Gen. Charles G. Gordon (1833-1885), thereafter popularly known as "Chinese" Gordon.

PRICES AND PRINTING

Some people not unreasonably are asking when printing prices are coming down. Already there have been considerable reductions as a result of the falling off of the price of some kinds of paper stock.

These reductions, however, are most marked in orders for large quantities, where the paper is a big item in the cost. On small orders, however, such as country shops usually get, the labor cost has been the main one, and there have been no reductions in printers' wages anywhere. Nor is there likely to be, for there is still a countrywide shortage of printers.

Any advertisement, which offers a genuine money saving opportunity to the prospective buyer, will be read.

TO THE ENROLLED VOTERS OF ALLEGANY CO.

I wish to announce to the voters of Allegany County that I am again a candidate for the nomination of Supt. of Poor to be voted on at the September Primaries. Your support is solicited.

WILLIAM H. HALL

FOR COUNTY CLERK

I wish to announce to the Republican voters of Allegany County that I am again a candidate for the nomination of County Clerk to be voted for at the September Primaries. I trust that my conduct of the office during my three terms, has made such that I may again merit your support at the Primaries and Election.

I beg to assure the many patrons of this office that I greatly appreciate their courteous and kindly treatment during my incumbency of the office and assure each and all that, if re-elected again, I shall endeavor to the best of my ability to render to all the best service of which I am capable.

D. P. SNYDER

TO THE REPUBLICAN VOTERS OF ALLEGANY COUNTY

I desire to announce to the voters of Allegany County that I am a candidate for the nomination for Member of Assembly.

At this time I wish to give a summary of my candidacy last year. I did not enter my name until almost the last minute allowed by law, yet was only beaten by about 200 voters voting against instead of for me. I am a stranger to many people in the County who will want to know what my home folks think of me. I carried my home town almost unanimously and all the surrounding towns. Our present Assemblyman, after five terms of office, carried his home town by only a small majority. He did much better in the towns where he was not known so well.

Please read my articles which will appear from time to time on what we need and what we are getting from Albany.
