

SIGN-BOARDS ON THE UP-ROAD

Hamilton B. Williams

It seems like a chaos, but underneath is the Master of the Scheme—God and Law declares His glory. "All's love, yet all's Law," chants Browning one of the Keepers of the Truth-altar. There could be no Love without Law. Law is Love's working-man that keeps the balances. If any darkness, evil, wrong, could be in any slightest measure profitable, the universe would collapse. Law is the ever-present evidence of deity.

In the ferment of life we are all jammed together, and that which makes the problem is the fact that in the social family are individuals of every stage in evolutionary process. From the parasite to the neighbor. The religious idea of Jesus, some-time carpenter, and always the champion of Truth, challenges everyone to acknowledge his responsibility to the whole task of building up every life according to its potential.

There are those of such faith and daring that they assume responsibility for a perfect consummation of life. Whether God is (as He is) under the load operative and co-operative, the master-artist so careful that he took ten million years to perfect the rose, or whether (as some imagine) He is sitting afar off in a tight little heaven waiting for the fortunate discoverers of the thousand "right" fetich and charm and scheme and way,—these daring ones are working at the task with the tools of Human Friendship.

The 20th century beholds the world literally a "neighborhood." Back of this recognition are the stalwarts of all ages. One's work, one's character, one's life-projection are totally in the neighborhood if one proves one's character, one's life-projections are filled with the right spirit.

A community-meeting met to discuss "How to Live Big in a Small Town" developed the truth that Friendship was the right medicine. That would be good medicine also for the little jaunt we're going to take some day across the Hills.

If He should come again,
And crave our hospitality,
What folk would open doors to Him?
Why, those whose doors are open for their fellowmen.

If He should speak His word
In hamlet and in crowded streets,
Who would bring all and follow Him?
Why, those like those of old who listened and who — heard.

If He should show the load
That lades the multitude of folk,
Who would go forth to lend a hand?
Why, those whose light shows Man's to be a neighbor's road.

And who 'mongst men would still
Be of his fellowship world-wide?
Why, those whose quests spur them to do —
By roads true, good and beautiful — the Father's Will.

And who would kneel before
The kindness of God's gentlemen?
Why, those who find through mercy's torch,
In some brave land, the welcome at the Father's door.

Who would go forth to tell
The good news of a Father's house
Where bed and bread are for us all?
Why, those who chant this morning song, "Love's all, all's well."

Who would his enemies be,
And seek to still the Voice of Truth?
Why, those like those who made His way
(Truth's crimson road) straight — to the Hill called Calvary.

Latest Price Quotations Received From the U. S. Bureau of Markets Covering Produce and Feeds

(Washington, D. C., for the week ending August 15th, 1921.)

try offerings were small. Visible supply now \$7,214,000 bushels, an increase of \$217,000 for week. Export prices remained fairly steady under good export demand. STOP THAT ACHE!

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many Andover people have used them and know how effective they are. Ask your neighbor! Here's an Andover case.

Mrs. L. M. Trowbridge, First St., says: "About a month ago I was troubled with an awful weakness in my back. Right across the small of my back there was a constant, bearing-down pain that aggravated me from morning until night. Dizzy spells would come over me and spots seemed to come before my eyes, blurring my sight. I felt tired out and listless, too. One box of Doan's Kidney Pills cured me of the trouble and made me feel strong and well again. I can honestly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Trowbridge had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

TO THE ENROLLED VOTERS OF ALLEGANY COUNTY

I desire to announce to the voters of Allegany County that I am a candidate for the nomination for Member of Assembly.

At this time I wish to give a summary of my candidacy last year. I did not enter my name until almost the last minute allowed by law, yet was only beaten by about 200 voters voting against instead of for me. I am a stranger to many people in the County who will want to know what my home folks think of me. I carried my home town almost unanimously and all the surrounding towns. Our present Assemblyman, after five terms of office, carried his home town by only a small majority. He did much better in the towns where he was not known so well.

Please read my articles which will appear from time to time on what we need and what we are getting from Albany.

Rushford, N. Y.
DEAN D. GORDON

I wish to announce to the Republican voters of Allegany County that I am again a candidate for the nomination of County Clerk to be voted for at the September Primaries. I trust that my conduct of the office during my three terms, has made such that I may again merit your support at the Primaries and Election. I beg to assure the many patrons of this office that I greatly appreciate their courteous and kindly treatment during my incumbency of the office and assure each and all that, if re-elected again, I shall endeavor to the best of my ability to render to all the best service of which I am capable.

D. P. SNYDER
