VOL. XXXV. NO. 37. FOR THE WEEK ENDING SEPTEMBER 16, 1921. TERMS \$2.00 the Year / 5c the Copy

IT WAS SOME (?) BASE BALL GAME

Andover Team Takes the Starch Out of Cuba's Fast Thrower. Beat Iachua 2 to 29, Last Sunday

Iachua came, Sunday, and met the Andover ball team at their ground, and such a drubbing as they received was never witnessed on the local field. When the game was scheduled the Iachua manager reported that out of the last nineteen games played the team had not been defeated. Early in the morning, fearing that the Andover bunch was not strong enough to cope with their aggregation, they cancelled the game. This lost most of the fans from the game, as the word soon circulated that Iachua wasn't coming. But about 12 o'clock they changed their mind again and telephoned that they were on their way. Some of the regular Andover team had meantime made other promises for the day, and our team was weak on account thereof.

But when Iachua got to Cuba and learned a little more about the Andover team they made up their minds that it might be wise, if they wanted to make it a straight twenty games won, to strengthen up a bit. Accordingly they engaged the Cuba Electric's best pitcher, Beebe, to come with them and help skin Andover again as Beebe had done on Harvest Home Day.

How it happened no one knows, but the Andover team has never had such a slugging match since 1908 as they had Sunday. Beebe, the terrible, got batted all over the lot until he threw up his hands voluntarily and asked to be relieved. His successor did no better. The score being 29 to 2 as seen by the following official score.

THE CHEERFUL CHERUB

I don't believe in conscience much. Remorse is just a waste of time. As soon as I've been bad I'm good. And thus offset my latest crime.

Tidbits From Our School

Two more pupils were registered Monday morning, Howard Burdick and Earl Hyland. We appreciate additions as these for they help to reinforce our very small number of boys.

Robinson and Beard's "History of Europe" arrived Tuesday.

A representative from Guin and Company, New York City, visited the school Tuesday in the interest of History books.

Monday afternoon the entire study hall underwent a radical revolution. A new plan is being put into operation in regard to seating. Those students having the greatest number of Regents counts occupy the seats in the rear and so on with the very front ones for the eighth-graders. This arrangement is to continue until some dignified Senior or Junior has to exchange with a little eighth-grader.

Miss Litchfield is rearranging the books in the school library in preparation for the order of new ones which we are expecting at any time. She tells us she is going to use the library for her office when the arrangement is completed.

The first monthly meeting of the Board of Education for the term 1921-1922 was held Tuesday evening at the school house.

Reporters for next week are Anna Lynch and Denzel Baker.

FATAL ACCIDENT AT BELMONT CROSSING

C. S. Partridge, of Wellsville, Fatally Injured When His Truck Was Struck by Erie Train 7.

(From Wellsville Reporter)
A fatal accident occurred on the Erie crossing at Belmont village, this morning at 11 o'clock, when a Westbound Erie passenger train No. 7 struck a truck driven by Claude S. Partridge, of this city, crushing him so badly that he died from the injuries at the Wellsville hospital, at 2 o'clock this afternoon.

Mr. Partridge, who is general manager and a stockholder in the Acme Ice Company of this city, had left the office on Madison Street shortly after 10 o'clock driving a Garford truck to take a few planks to the Belvidere Farms at Belvidere. Owing to the river bridge being out at Belvidere, it is necessary to drive on what is known as the back road, or else go several miles around by the Transit bridge road.

Evidently Partridge decided to take the back road and was crossing the Erie tracks between the Clark shops and the Erie station when his truck was struck by west-bound Erie train 7, engineer Ira O. Jones at the throttle. The train does not stop at Belmont and despite the sharp turn at this point the train was running some 40 miles an hour.

The impact of the collision knocked the truck to one side, completely demolishing it, throwing Partridge out and crushing nearly every bone in his body. Men attracted by the crash hurried to the scene of the accident, dug the injured man from under the truck, and carried him into the office of the Clark Machine Shops, where Dr. Lewis was called, but could render little aid.

A hurry call was sent to the Wellsville hospital and Donald Carter now-famous and he reached the scene of the accident nine miles away in 12 minutes after receiving the call.

Dr. Lewis accompanied the injured man in the ambulance to the Wellsville hospital, where Drs. Roose and Comstock were also called, but nothing could be done for the unfortunate victim. His head was smashed, both legs and arms broken, together with internal injuries, and he died three hours after the accident.

The site of the accident is one of the three unguarded Erie crossings in the village of Belmont and is considered the most dangerous, as the curve of the road and the Erie station shuts off all view of trains approaching from the east. Engineer Ira O. Jones, who was at the throttle of Erie train 7 this morning immediately stopped his train and backed up to the Erie station, but nothing could be done by the train crew, and as the engine was not severely damaged, the train proceeded on its way.

Legal Seasons to Hunt and Fish Given in Latest Orders

Copies of the syllabus of the 1921 fish and game laws have been received by officials here. The open season for cottontail rabbits is from October 15th to March 1st, but no person shall take more than six in one day. Hares and rabbits are not to be hunted with ferrets except in counties where permitted by the Conservation Commission. The owner or occupant of enclosed or occupied farms and lands, or a person duly authorized in writing but such owner or occupant, may take, except by use of ferrets, on such owner's or occupant's premises at any time in any manner hares or rabbits which are injuring property. There is no closed season for Belgian hares, jack rabbits or rabbits bred in captivity. Varying hares and cottontail rabbits may be bought and sold during the open season. When bred in captivity they may be bought and sold for food purposes during the closed season. provided a license to do so shall first be obtained from the Conservation Commission.

Mink may be taken from November 10th until March 15th; muskrats, December 1st to March 31st; raccoon, November 10th to February 10th, at day or night; skunk, November 10th to February 10th. It is against the law to dig or drive from their holes or dens or drive them out by the use of smoke or chemicals. Skunks must not be hunted, pursued or killed by dogs, except where they are injuring property, in which case they may be killed any time, but shall not be possessed, bought, sold or trafficked in.

Season on Squirrels

Squirrels, black, gray and fox, may be taken from October 5th to November 15th, but more than five in one day are prohibited. Duck, goose and brant may be hunted from November 10th to December 31st. There is no open season for wood duck or swan. Grouse or partridge season is October 15th to November 15th and no person shall take more than two grouse or partridge in one day nor ten in an open season. Pheasants may be taken the last two Thursdays in October and the first two Saturdays in November. Only the male birds may be taken and the limit is three for the season.

There is no open season for quail until 1925; Wilson, snipe or jack snipe, September 16th to December 31st; woodcock, October 1st to November 15th; rails, soras and other rails, except coots and Gallinules, plover and yellowlegs, August 16th to November 30th; August 16th to November 30th with fifteen the limit for one day's shooting. The limit on woodcock is six in one day or twenty-four for the season.

K. O. T. M. AT TROUPSBURG

Canisteo, Legion Team Wins Hotly Contested Game, 3 - 7

The Andover K. O. T. M. base ball team played a very interesting and closely contested game with the Canisteo Legion ball team of Canisteo, at the Troupsburg fair grounds, Thursday afternoon. The local team held the Canisteo team without scoring until the fifth inning, when they got two tallies tying the score. The game was Andover's all the way thru but for two costly errors in the sixth inning letting in three scores.

Time: 1 hour, 50 minutes.

NEW STATE BANK SOON

Rushford Depositors Prefer Their Money to Having Howden Locked Up

In reply to our comment in last week's issue regarding the Rushford bank defrauder, the News is in receipt of a communication from one of Rushford's foremost business men stating that Howden has already sent his creditors \$500 to help his indebtedness. He promises to pay it all back in time, and Rushford people prefer to have their money rather than the satisfaction of seeing Howden in prison. He cannot earn money in the state prison with which to repay his creditors.

We are also informed that Rushford people have now organized and will soon open a state bank in that village for the progressive business men there.

THE TROUPSBURG FAIR

We have always heard that you can't get something for nothing, but that is now proven false. The writer went to the Troupsburg Fair last Thursday. He got nothing for something, and we are told that the State of New York pays this Troupsburg Fair a portion of the public money raised for fairs. That being so, the state is in the same predicament we found ourselves in at the fair grounds. But the Fair, if it gets state aid, is truly getting something for nothing. That Fair is the nearest to nothing of anything that we ever saw, and it is crime to pay state money year after year for such exhibition.

ALLEGANY RECEIVED \$11,990 FROM STATE

Automobile Money Helping Construct Good Roads in Proportion to Amount Spent in Each County

Albany, Sept. 14. — Approximately three million dollars is being distributed this week by Secretary of State John J. Lyons, in accordance with the law governing the monthly division of motor vehicle receipts between state and county. This is the largest sum ever distributed by Mr. Lyons for this purpose and serves to vindicate the supervision of the motor vehicle bureau in so far as the Secretary of State's office is concerned, the bureau having been transferred to the Tax Commission.

Allegany County will receive a check for \$654.71 this week, the amount representing \$645.96 from the registration of automobiles and \$8.75 from the registration of motorcycles. The money is available for highway work in the county.

All told, the county has received this year from Mr. Lyons the sum of \$11,990.29. The first six months this year have been record-breaking ones in a motor vehicle sense, the Secretary of State's office having taken in no less than \$9,239,363.32 up to July 1, from the registration of motor vehicles and the licensing of chauffeurs and operators. This six-month period is far ahead of any twelve months in the history of the office.

The neighboring county of Cattaraugus will receive a check from Secretary Lyons this week of \$1,160.75, while Steuben County will get a check amounting to \$1,450.05.

ON THE JOB EVERY DAY

Ed. Walsh, mail carrier on route No. 1, of the Andover postoffice, has made a record the past year that cannot be surpassed. He has put in a full year to-day, Sept. 16th, without missing a single trip. During this time he has distributed mail over 7,500 miles.

ROSCOE ARBUCKLE

IN DISGRACE

Roscoe (Fatty) Arbuckle is in jail in San Francisco, Cal., charged with the murder of Miss Virginia Rappe, motion picture actress, during a party given by Arbuckle in his rooms at the St. Francis Hotel, in that city, and which terminated in a drunken orgy. Arbuckle came into the movies nine years ago. Before that he was employed as a bar boy in a San Francisco saloon where he washed glasses and cleaned cuspidors. He had gained in popularity with the movies and drew down a good salary. His films are now under ban in all picture shows of repute.

ROCKWELL'S SUIT EVENT

We are holding our regular Semi-annual Suit Event this week. We have over 100 Ladies' and Misses' Suits on our racks, all especially priced. Get your new suit now. Sale ends Saturday. Alterations free. ROCKWELL BROS. CO., Wellsville, N. Y.

THE HEALTH CAMP AT CUBA LAKE

Fifty-four Children Entertained; Would Enlarge Camp Another Season. Cost 86 Cents a Day Each

Fifty-four children from all parts of Allegany County were entertained at the Health Camp at Cuba Lake under the direction of the Allegany County Tuberculosis Committee during the months of July and August. During the summer there were only two illnesses, both of them in the last ten days. One was tonsillitis due to badly diseased tonsils which have since been removed; and the other was an attack of "summer grip." Considering that most of the children were not in normal health, this record is quite remarkable.

Twenty-nine children out of the fifty-four were found to have adenoids, thus showing a direct relation between adenoids and underweight, and also a predisposition to tuberculosis.

The children at the camp were from Wellsville, Elm Valley, Andover, Almond, Alfred, Scio, Bolivar, Cuba, Belmont, Belfast, Angelica, Allen, Rushford, Canaseraga. Intensive follow-up work is to be done following the same routine as at camp. Special emphasis is placed upon ten hours rest at night, and for underweight children a rest period during the day. A quart of milk a day is necessary for children, and plenty of vegetables and fruits with comparatively little meat. In nearly all homes, which have so far been visited, the mothers of the children are endeavoring to follow-up the camp routine of good health habits as far as possible, and have had remarkable results, thus showing how much more normal children would be if they knew and followed the rules of health.

The Health Camp was financed entirely by the sale of Christmas Seals last year. A successful sale in 1921 will make possible the continuance and enlargement of this work next summer. The cost of maintenance of the camp was \$993.98, including salaries of workers \$266.84.

The per capita cost per day was 86 1/2 cents.

It is hoped that next year the camp may be enlarged so as to accommodate a larger number of children at one time. The camp buildings are well built and well-equipped and are decided assets of the committee. Mr. R. H. Bartlett, of Cuba, donated the electric lights. The piano was donated by Mrs. Penny, of Cuba.

Mrs. Lena Call, of Wellsville, was the cook during the season; Miss Mary Prantice, of Cuba, was recreational leader for the girls until August 15th, when she was succeeded by Miss Margaret Ward, of Belmont.

Mr. Leon Ellis, of Alfred, was recreational leader for the boys. Menus were planned by Miss Woods, of the Home Bureau. The entire camp was under the supervision of Miss Marie Goulet, executive secretary of the Allegany County Tuberculosis Committee.

DUKE SUCCESSFUL

Assemblyman Wm. Duke Jr., of Wellsville, was successful in the primaries for renomination on the Republican ticket for Member of Assembly. Mr. Duke's majority was something over 600 in the county over his opponent, Dean D. Gordon.

There is no use kicking against the pricks, Mr. Gordon. The Allegany County Republican organization is invincible and cannot be downed. This was practically the only contest on the county ticket for either party.
