K. O. T. M. TRIMS TOWN TEAM

The Macabees Ball Club Put It on To the Town Team Boys, by a 4 to 7 Score

The big game between the Macabee Base Ball Team and the Town Team, that was scheduled for a week ago Sunday, and cancelled on account of the inclement weather, was played last Sunday, and resulted in a victory for the K. O. T. M. boys.

Bloss for the Macabees, held the team to 5 hits, while Worrell only allowed the K. O. T. M. Team 7 safe ones.

The fielding on both sides was ragged, but the Town Team errors proved to be more costly than did those of their opponents.

Following is the official score:

THE STUFF OF LIFE

This is from an advertisement for a typesetting machine, but it gives a vivid picture of the news that make the country papers place secure. Babies are born. Little boys in broad ties and little girls in bright frocks have their birthday parties. Lovers wed. Company comes. Folks go visiting. Men and women grow old, droop and die.

FREIGHT RATE WILL BE CUT

Interstate Commerce Commission to Reduce Rates in the West. Others Will Follow at Once

Washington, Oct. 4. — Twenty per cent. of the total railway tonnage of the Mississippi will be affected by a rate revision ruling which the Interstate Commerce Commission will issue before the end of October.

This ruling will reduce freight rates on hay, wheat, corn, barley and all other grains and their products in states west of the Mississippi and in Illinois. Commission officials have not yet agreed how great the reduction will be.

The grain rate revision probably will be the first step of a series of reductions, affecting all agricultural products. Officials will neither deny nor confirm this, but they admit that agitation for reduction on grain products is very strong.

Farmers point out that "liquidation" is complete so far as the agricultural industry is concerned, save for the price of wheat. They are persistently demanding that the handicap of high freight rates be removed.

A rumor that the Interstate Commerce Commission is planning a big general freight rate reduction, circulated widely in stock exchanges and shipping centers, is scouted by commission officials.

They declare flatly that there can be no general reduction as long as labor and coal, constituting 70 per cent. of railway operation cost, remain at their present level.

The policy of the Interstate Commerce Commission will be to bring about rate reductions by groups of products, rather than by putting into effect general reductions.

Those groups of products that most need lower freight rates will be the first served. Under this head is listed farm products.

WELLSVILLE MAN DROWNED AT CUBA

Carroll Sturtevant, Popular Resident of Wellsville, Stopped at Cottage For Swin and Drowned

(From the Wellsville Reporter)

Carroll Sturtevant has been drowned in Lake Cuba and his body was recovered about 2 o'clock Tuesday afternoon.

A rumor reached Wellsville last night that Mr. Sturtevant's car had been found near his cottage at Cuba Lake, and as he had been absent from home for some days, Elton Harder and J. W. Germond drove to Lake Cuba this morning to investigate.

A talk by telephone this afternoon with Officer Charles Trenkle, who lives near the lake, brings the information that Harder found the clothing and eye-glasses of Sturtevant in the cottage and his bathing suit missing.

Fearing a drowning, help was summoned and soon after the noon hour, boats were on the lake searching for the body. About 2 o'clock it was found floating only a little way from the Harder cottage, where Sturtevant had probably entered the water. The body had evidently been in the water since last Thursday, when people in a cottage a little way up the lake remember to have seen some one swimming near the Maiden cottage.

The body was taken to the Love-ridge undertaking parlors in Cuba to await the arrival of friends.

Mr. Sturtevant has been gone since last Thursday, and his family has been out on one of the boats. When he failed to return Wednesday night, a search was started and the car located at Cuba Lake.

REBEKAH ANN
A very pleasant evening marked the observance of the 10th anniversary of the organization of the Rebekah degree, following the regular session of the lodge on Wednesday evening.

The program, presided over by Mrs. Daniel Witter, was especially fine, consisting of recitations by Mrs. Wm. Rice, Misses Helena Johnson, Georgia Bines, Helen Vickers, Georgia Brogan, Masters Francis Vickers and Oliver Kemp and readings by Mrs. F. H. Hann, Mrs. Mary Wardell, and Mrs. F. S. Pottin. The program was interspersed with several selections by an orchestra composed of Forest Gee, vocal trio, Backus, corner; Lloyd Robinson, melophone; Sheridan Witter, trap; with Miss Minnie Clair, pianist. Other musical numbers were a violin duet by Miss Alice and Albert Rogers, accompanied by their mother, Mrs. Hayden Rogers; vocal trio, Misses Evelyn Collins, Gertrude Beebe, Louise Folsing, with Miss Frances Beebe, accompanist; vocal solo, Lloyd Gee, with Forest Gee at the piano; vocal duet, Misses Alice Rogers and Elsie Hammond, accompanied by Mrs. Hayden Rogers; and a corner and melophone duet by Messrs. Chas. Backus and Lloyd Robinson, with piano accompaniment by Miss Clair.

The hall was beautifully decorated with banners, cut flowers and autumn leaves.

Following the program the large company was invited to the dining-room where a fine luncheon was served.

Altogether the occasion was most enjoyable and reflects great credit upon the committee in charge.

THE WORK OF THIS FALL'S ELECTION

111 Assemblymen Want To Go Back. Republicans Nominate 1 Woman, Democrats 2, Socialists 8

Albany, Oct. 5. — Out of the 150 members of the New York State Assembly, no less than 111 are seeking to return this fall. Eighty-nine of the number are Republicans and 22 are Democrats. With the last day for declarations having passed, nominations filed with Secretary of State John J. Lyons, reveal that Miss Aguerite L. Smith, of New York, is present a member of the Assembly, is the only representative of her sex on the Republican ticket, so far as the Assembly is concerned. The Democrats have nominated two women for the Assembly and the Socialists eight.

Two senators will be elected in this state next month, general election day this year falling on Nov. 8. A successor will be chosen to Martin G. McCaree, of New York, long a familiar figure in the Assembly, but who was elected to the Senate a year ago, and John B. Mullin, of Rochester, who came to the Senate in 1916.

Four members have resigned from the Assembly during the year, one was unseated, and one died. With the approach of registration and election, there has been a heavy demand for the political calendar issued by Secretary Lyons.

CHARLES B. LEVER

The death of Charles B. Lever, Monday morning, closed the life of another of Andover's most widely known and respected business men and prominent citizen. Without doubt the deceased knew and was known by more people than any other Andover man.

In his active life Mr. Lever and Andover were almost synonyms. You think of one and you could not help but think of the other. He was for a number of years President of the Village of Andover, and was a splendid official, always working for its best interests. He was a charter member of the old "Citizens' Hose Company" Andover's first fire-fighting organization, which, until its members grew old with the years, was most popular throughout Allegany County. Mr. Lever also thru his life held other responsible offices in the village and town, always equipping himself with honor and giving his constituents the very best service.

Born in Andover, Mr. Lever's entire life, eventful, active and progressive, was passed as a resident of this town. He never knew another home and never cared to know another. He was always ready and willing to fight for what he believed was for the best interests of his home town; was always loyal to it and its inhabitants. He loved Andover as Andover people loved him.

Besides being in the livery business for many years in the village, he was a prominent farmer and a business man, always wide awake and among our most prominent and most reliable men.

July 30, 1912 Mr. Lever suffered a severe shock of paralysis from which he did not fully recover his physical strength in the nine years that followed. During all of this time his bright and sunny disposition was unpermeable, not completely but optimistic always to the end. He was given the most devoted and tender care by his wife, son John and family.

Mr. Lever was a past member of Andover Lodge, No. 18, E. & A. M., and an active member of Andover Tent No. 18, G. O. P.

Charles B. Lever was born in Andover, N. Y., in 1856. He was purely an Andover man, having received his education at the village in the Andover schools, and in 1879 he was united in marriage with Miss Alice M. ... The end came Monday morning, Oct. 3rd.

GEORGE B. ELWELL TAKES THEIR SCALP

"Bucked the Tiger" — the Republican Organization in Wellsville, — and Gets Away With it Two to One

After one of the fiercest political scraps ever pulled off in our neighboring town of Wellsville, George B. Elwell, present supervisor, won a two to one and better victory over the would-be Republican bosses of that town in the Republican caucus, held Monday evening. Not only did Mr. Elwell win the nomination for supervisor of the town of Wellsville, but was also renominated for assessor of that town for four more years. All this, notwithstanding the dirty attacks on him made by the Republican organization and the Republican press.

It would seem, after reading some of the arguments published in the Reporter, that Wellsville Republicans took more stock in George than they did in the truthfulness of the stories printed against him, for no sane person would support a candidate believing him to be the seventeen-kinds of an ass the Reporter depicted Elwell.

Tuesday's Reporter, however, was gracious enough to carry the following account of the caucus:

"I came, I saw, I conquered!" Thus sang George B. Elwell last night after the Republican caucus was over, and Elwell was right for once. He kicked the combination he was up against to a frazzle, and was renominated for supervisor, like coming down a toboggan slide, receiving 542 votes against 238 for M. D. ...

Elwell's cohorts were on hand in sufficient numbers to control the caucus and after the vote on supervisor everything went along as if pressed for the occasion. He succeeded himself for a four year term as assessor and even came near being nominated for constable, as there seemed to be no one who wanted the last place on the ticket.

It was Elwell's caucus from start to finish and the crowd cheered when in his speech of acceptance, he told how for eight years he had labored to save the taxpayers of Wellsville from being ground to death under the heels of the vicious corporations and capitalists. It was a great night, the likes of which will probably never be seen again in Wellsville.
