GREENWOOD CAR ON A TOOT

In attempting to turn his car around Tuesday night, Harman Lane of Greenwood, lost control of the machine and dashed into the Owen & Guilds furniture store of that village, smashing the door and front show window into splinters. Several pieces of furniture and two phonographs on display in the front of the store were wrecked. The store stands two feet above the street, but it is said the Ford slipped the distance like a deer and suffered little damage in the melee. Mr. Lane was also injured except his bank account which must suffer somewhat from the repairs.

If you lost it, the finder wants to find you.
