WELLSVILLE WOMAN MISSING

When Elmer Merritt returned to his home on Farmum Street, Wellsville, last Friday night, his wife was not at the house and up to this date no trace of her has been found other than a resident of Madison Hill reports having seen a woman answering her description walking along the highway Saturday afternoon. A vigilant search is being made to locate the missing woman. The Mayor of Wellsville had the fire alarm sounded Wednesday morning to get the people out for a search which was thoroughly made. Mrs. Merritt is 38 years of age, dark hair and eyes.

AT TRAINOR'S

Will it Pay You to Get Those Shoes Repaired?

Let us see. As long as I have been in the shoe repair business, which is nearly all my life, I never saw such rotten goods placed on the market. The shoes you are now buying are about three-fourths paper and one-fourth leather. The old shoes were all leather.

Some people wear their shoes too long before having them repaired, and thus waste their money. When you find a defect in your shoe is the time to bring it in to the repair man. You will then get it fixed cheaply and save money. "Fixed in time saves nine," in the shoe business.

You cannot get good new all leather shoes today for less than from \$12 to \$15 a pair. Leather is yet \$1.40 a pound. I use only the very best leather and material in my repair work, and do only first class, guaranteed work. Often shoes that I repair are better and wear longer than the new ones.

Does It Pay? I wish to thank Andover people for their generous patronage extended me the past year, and ask for a continuance of the same. At any time that my methods of work does not give you satisfaction if you will call in and talk it over with me I am sure we can make it right.

It is my determination to deal with every one on the square, and to give every one a fair treatment.
