CHECKS provide both the easiest and safest way of caring for one's regular expenses. Quite often, there is some slip-up when bills are paid with money and you are compelled to pay a second time. With a checking account you are safe. Each cancelled check is a recognized receipt and the presentation of the check is sufficient evidence to end the dispute. Rude Rural Rhymes SNAKES Our mother Eve talked with snakes, and that was one of Eve's mistakes. It seems in those benighted times there was no Winesap and no Grimes, and since in Eden's orchards olden, no grafted fruit grew red and golden, a serpent salesman, wily brute, sold Eve some bitter natural fruit. Of those old days an aftermath, each harmless snake beside the path finds boys with dandricks, bricks and stones, intent to bust his back and bones. Yet those who study snakes with care, their habits and their bills of fare, with unanimity declare they mostly live on mice and such whose loss is lamented much. If we do some killing here, let's leave the garter snakes alone. A flame with zeal we well may rise to swat the rooster and the flies. Then ere we seek our corn hunk bed to crows the perfect day just fled, let's knock the scrub bull in the head. The lad whose soul for action aches can get it without killing snakes. Bob Adams. For a number of weeks Alfred University and all Alfred people have been carrying on a drive for \$250,000. If they succeeded in raising that amount the General Education Board promised to add another \$100,000 to the endowment fund. Their success is highly pleasing to all friends of Alfred University, which includes about every one in Allegany County as Alfred is our college. The Alfred Sun says that no football rally has ever equalled the spirit and enthusiasm shown at the time of the completion of the drive when the university united in one cause by the inevitable tangible Alfred spirit, gathered to celebrate the successful finish of the campaign. CONTRIBUTED. One of our leading Republicans announced the other day that the Democrats can never get town office again in Andover, made us compare supervisors reports which proved the assertion. Last year's report showed a grand total of \$24,038.40 for running our town. Last report of Democratic Supervisors showed a grand total of \$4,304.19. Our lamented and much respected townsman John Priest was supervisor, who also did more to build Andover than any other citizen. This was before Andover Village was incorporated.
