

WERE YOU IN ANDOVER IN 1894?

This was the year the Andover State Bank started to serve the people of this community.

For 27 years we have made our service and equipment useful to those associated with us. The results of our efforts are reflected in the growth of the institution, the permanent success of our patrons, their good will and loyalty.

We have grown because we have helped our patrons to go forward from one success to another. From the start we have held rigidly to this as our part of our creed:

NEVER TO FORGET THAT OUR CUSTOMERS ARE RESPONSIBLE FOR OUR SUCCESS

HALLOWE'EN

Fine Time Had by Young People, But No Property Destroyed

Hallowe'en was observed in Andover Monday evening by the young people in a "safe and sane" manner, yet it is said that they had fully as much real fun as ever, even if the decorations were all cut out.

Early in the evening masqueraders filled the streets. Some on the way to Hallowe'en parties, others just out for a good time. While the police was kept busy most of the evening answering complaints where frightened citizens thought something was liable to happen, nothing of a criminal class was evidenced or even attempted.

Some of the young people found an old tireless automobile which they ran up and down Main Street and were happy.

Our young people are to be congratulated upon the decent way they took to celebrate Hallowe'en this year.

If there was any destruction of property in Andover the News scribe has failed to find it.

FATHER & SON WEEK

Y. M. C. A. Make Big Effort to Get Them Acquainted

November 6 to 12 has been designated by the Young Men's Christian Association as Father & Son Week throughout the United States and Canada.

The effort of the association to strengthen the home ties is not a new one. Work along this line has been so productive of good fellowship and helpful relations that the idea of setting aside a week for its special emphasis has seemed worth while.

The Allegheny County Association is stressing the Father and Son idea during the entire month of November. Churches and communities wishing to plan for Father and Son banquets, conferences with fathers and other events intended to help boys in their home life are in line for the hearty co-operation of County Secretary Lester.

A special booklet entitled the "Father and Son Idea," containing a large number of good suggestions, will be mailed to pastors and other leaders upon request. All communications should be addressed to S. F. Lester, Box 267, Wellsville, N. Y.

ADVANCE NOTICE. The great turning points in life are sometimes trivial things. Roger Folsom was in the far North and wanted more than life itself to get a letter to his wife, Lois, at Black, without delay. He made a bet with the mail carrier of one hundred dollars, that he could not make the trip in record-breaking time. The weather seemed favorable to his journey and the mail carrier decided to travel light. He took his stove, the dog sled and left it behind. But, he was not many miles on his journey, when the great Arctic blizzard broke. He was blinded by the snow and frozen to death. A year later, his bleached bones were found and the routing mail sack with the letter from Roger to Lois. Because of the delay husband and wife were separated by thousands of miles for more than a year and a great heart found in utter loneliness in the far North. This is one of the many incidents used by Rex Beach in his latest picture, "The North Wind's Maker," which is an intimate drama of the North, told with the simplicity and great imaginative power of a scene in the author's "Wednesday in the Snow."

SATURDAY NIGHT ENTERTAINMENT. The Light Opera Revue Company production at the Auditorium, Saturday night, was a most enjoyable entertainment. It consisted of vocal and instrumental selections and readings. The violinist was clever, and the trio of voices very pleasing. The whole entertainment, not excepting the pictures preceding the musical production, was fine. It was given by the Senior Class A. H. S.
