"HUSTLERS" RESPONDED

The rank of the "Hustler" Basketball Team took a sudden increase last Monday night. Fay Boyd, Archie Bloss, Harold Dawson and Freeman joined our ranks. Fay promises to make a fast center, Archie and Freeman forward, and Harold, guard.

These men with practice and backed by the old reliable are going to make as fast a team as we have yet seen. There is no reason why Andover can't have sports. We love base ball in summer, why not basket ball in winter? Basket ball is fast coming to the front in sports. If you don't understand it come to the games and learn it. For the time is near when basket ball in this town will be the star attraction. All games are held in the High School gym. It is heated for each game for your comfort. If you believe in sports then back basket ball, both High School and "Hustler" teams. Neither one can play without your support.

PLANT A TREE

In another column of this issue of the News "Plain Bill" has suggested to Andover people a mighty good thing in the way of a public day, sometime early this spring in which all of us would plant a tree in the Andover Park, destroyed by the cyclone two years ago next summer.

If some one of the Andover organizations, the Chamber of Commerce or Village Board, would take this matter up and see it thru, it would be a grand good thing and a success.

The News would suggest that Arbor day would be a most opportune day for this purpose when every one is supposed to plant a tree.

Let's plant ours all together in the Andover Park this spring, as suggested by our old friend, "Plain Bill."

And as for heart interest — well, when you watch the big-hearted man "mother" the five appealing orphans, you will feel a lump in your throat, no matter how hard-boiled you are about "movie sentiment."
