

## Progressive Times . . . . .

This is the day of the forward march. No farmer would now attempt to harvest his wheat with an old-fashioned cradle, nor thresh his grain with an old horse power machine.

There's the new radio outfit, the airplanes, wireless telegraphy, submarines, hydro-electricity — a hundred new things every decade. And in money matters, are we keeping step? Most of us are. We keep a balance at the bank and pay our bills by check, instead of keeping our money somewhere about the house, subject to loss every day. Our modern Bank invites you to do business the modern way.

## FRANCIS CASEY HURT

While putting a mowing machine up overhead in the barn at the Peter Ward farm, last Thursday, the machine got away from Francis Casey and his brother, falling in such a way as to catch one of Francis' legs, breaking it badly. He was taken to the Wellsville General Hospital Saturday, where a compound fracture was reduced by Dr. Cooley. Mr. Casey is now doing as well as possible.

## NEW LAWYER IN TOWN

Attorney C. L. Earey has secured the services of Attorney Eldyn V. Champlin, who has been practicing at Alfred, N. Y. for the past year, as an assistant in his law office. Altho Mr. Champlin will continue his office and practice at Alfred, it is expected that he will spend about four days each week here. A separate office has been constructed for his use over the Andover State Bank.

ATTENTION  
BRYANT & STRATTON COLLEGE  
GRADUATES

The following extract from a letter recently received from a well-known firm in Allegany County speaks for itself.

"If there are any graduates of your school in this vicinity whom you think might be interested, at a salary around \$100 per month or better, I will be glad to have them communicate with me."

We should be glad to refer to the above position any Bryant & Stratton College graduate who is at present unemployed. Our Service Department has no difficulty in placing our graduates. The trouble is training students fast enough and in sufficient numbers to supply the demand for our graduates, and this in face of the fact that the College has just completed the most successful year of its history.

Young men and young women with high school training and a taste for business success, will find a Bryant & Stratton education the real key to opportunity. Its courses are designed for young people who possess the red-blooded American desire to achieve things worth while. Full particulars upon request. Booklets free.

hoped will be more kind after this date.  
Miss Angie Edwards began school Tuesday morning.

The motion picture which was given Tuesday night in benefit of the Senior Class, proved a grand success. Expenses were made with also a small profit, but as this was the first of its kind a good crowd is expected at our next film. Douglas Fairbanks was the hero and Constance Talmadge, the heroine, while Mary Pickford was seen in a two-reel picture. The movies are exactly the same as any where, so be sure to enjoy the next one. It is planned to have Charlie Chaplin or Harold Lloyd to furnish the laughs at the next show. Remember it is indeed a good show, and at the same time it will help the Seniors to a great extent. Watch for the Senior's next movie.

**Comments**  
Where did I get my education? Why, my dad used to take me over his knee. He made me smart.

These notes may sound a lot like the last editor's dry remarks, but don't be discouraged for the present editor intends to show him his many bad faults by making him read his own style of writing just once.

Queer how all of the students were overjoyed when they learned of the two days vacation this week. No es verdad.

The game with Angelica will be played next week on Wednesday evening at Angelica.

The happiest person that I ever saw was a small boy standing across the street from his school house watching it as it swiftly burned to the ground.

Something very interesting will take place on the evening of February 19, 1923. Watch for the advertisements of this great event.
