

Take Your Choice

In nearly every community there is some shiftless, poverty-stricken man. In the same town you will doubtless find a man who is prosperous, happy, well-to-do. This town of ours is no exception.

You have met both kinds. Stop and think. Which man do you admire? Which one would you take for a model? Each man can tell you the story of why he is in his present condition. Ask them. In most cases you will find that the prosperous man has worked and saved, while the shiftless one has done mostly the opposite. Of course we know your choice. Start an interest account with us.

I'D LIKE TO KNOW

By Charles Cartwright
What is the good of thinking of the days that have gone by,
For thinking brings on grieving,
and grieving brings a sigh.
There are many better ways for us
to spend our life,
Than to weep and mourn in this
world of strife.
We'd best be up and doing, tending
to our work
Than to stop to mourn, for mourners
mostly shirk.
So let your heart be set for battle
with a hand that you can trust.
And you will win the conflict, tho
your sword be caked with rust.
For the one that gets the farthest in
a place that is up hill,
Don't get there by sighing, but by
saying "I must and will."

Some men are born to be statesmen,
Others are born just to speak.
Some men are born to be strong men,
Others are born to be weak.
Some men are born to be leaders,
Others are born to be mopes.
Some men are born to be farmers,
Others to steal the crops.
Some men are born to be very poor,
Others are born with the price.
Some men are born for marriage,
Others to go alone.
Some men are born with hearts so
warm,
Others with a heart of stone.

Some men are born for lawyers,
Others as preachers go.
Some men are born to walk with a
cane,
Others just to walk slow.
Some men are born to have measles,
Others to have the mumps.
But what the devil was I born for,
unless
'Twas to have the dumps.

BRYANT & STRATTON COLLEGE
GRADUATES

The following extract from a letter recently received from a well-known firm in Allegany County speaks for itself.

"If there are any graduates of your school in this vicinity whom you think might be interested, at a salary around \$100 per month or better, I will be glad to have them communicate with me."

We should be glad to refer to the above position any Bryant & Stratton College graduate who is at present unemployed. Our Service Department has no difficulty in placing our graduates. The trouble is training students fast enough and in sufficient numbers to supply the demand for our graduates, and this in face of the fact that the College has just completed the most successful year of its history.

Young men and young women with high school training and a taste for business success, will find a Bryant & Stratton education the real key to opportunity. Its courses are designed for young people who possess the red-blooded American desire to achieve things worth while. Full particulars upon request. Booklets free.

"The Church of God means just what you mean in your better sentiments both for yourself and for society. Identify yourself with it, not for your own sake primarily, but for those whom you can help. Come, not in order to be better, still less in order to profess to be better, but to enlist like a soldier. Give yourself, just as you are. Your clear intellect, your working morality, and deep convictions, are what are most of all needed to make the church the power it might be. In the love of truth and in the spirit of Jesus, the true church advances to win the world for Christ."

We welcome YOU to all the services of OUR church.

Three causes beyond their control, a large number of people were deprived of spiritual comfort and inspiration. The ministers feel for themselves the loss, not alone of the opportunity to speed the growing inspiration of a Christian community, but the loss of a fellowship of worship and service needed by the best of us. Much inspiration and fellowship is wrapped up in the custom of worshipping at least once a week with like-minded Christian people, too much to miss any least portion. Our that was of our people who would lose some never-to-be-regained opportunity for inspiration toward holiness and love. But, what of those who habitually deny themselves of the inspiration of worshipping churches? We who are accustomed to worship feel the immeasurable loss of this one Sunday of opportunity. What of those who on no Sunday seek the House of God?
