—The S. D. Baptist Ladies Aid Society met with Mrs. F. S. Potter Tuesday afternoon, for a business and social meeting. Roll call and response was followed by a brief program regarding Abraham Lincoln. A fine supper was enjoyed by the company.

—Floyd Christ, who has been employed in the Parker Garage since the burning of the cutlery plant, has accepted a position in the knife shop at Perry, N. Y. and expects to leave with his family for that place tomorrow. Mr. and Mrs. Christ came to this village from Perry seven years ago, and Andover people regret to learn of their decision to return.

—The Bolivar Breeze of last week published a half tone picture of the Severn-Shaner new service station, located on Main and Wellsville Streets of that village.

—The Breeze says "the station" is conceded to be the finest of its kind in Western New York. The buff brick building is 16x24 feet in size, with red asbestos shingle roof, red tile floor and cement foundation. The building is vapor heated, plumbed for city water and wired for electricity. It also has a ladies rest room. In front of the building are two covered driveways, between which are three gasoline pumps, while at the rear of the station is an oil draining pit. There is also free air and water service in connection with the station.

AGRICULTURAL SEEDS MUST BE LABELED

Protection to Buyers Against Weeds and Dead Seeds
Farmers and others purchasing farm seeds or lawn grass mixtures are urged by the seed analyst at the experiment station at Geneva to avail themselves of the protection afforded by the New York State seed law against purchasing poor or worthless seed.

According to the law, all agricultural seeds sold or offered or exposed for sale for planting purposes in the state, whether in bulk, packages, bags or other containers of 10 pounds or more, must be fully labeled as to the common name of the seed, the purity of the seed, the percentage of weed seeds present, the name of each noxious weed present, the percentage of germination with the date of the test, and the name and address of the vendor.

Mixture of seeds, such as alsike clover and timothy, alsike and white clover, red top and timothy, and alsike and red clover, when sold in lots of 10 pounds or more must also be fully labeled and must bear a statement to the effect that such seed is a mixture, together with the name and percentage of each kind of seed present in excess of 5 per cent. of the total mixture. Mixtures of grass seeds when sold in lots of 8 ounces or more must bear a label showing the name of each kind of seed present in excess of 5 per cent., the percentage of inert matter and the percentage of weed seeds, as well as the name of any noxious weed seeds present.

"The purchaser of seeds in New York State has it within his own power to buy only the best seed with regard to purity and germination," says the state seed analyst. "The label tells the whole story, and if the buyer will take the trouble to read the label he can avoid paying good money for trash and weed seeds and for weakened or dead seeds. The leading seed dealers even indicate on the label the origin of their seed which is a decided advantage to the careful buyer, particularly with regard to clover and alfalfa seed. Clean, vigorous seed adapted to New York conditions is the best crop insurance available, and purchasers will find it to their advantage to read the label and know just what they are buying. In case there is any question as to statements made on tags or labels, the buyer can verify the statements by appealing to the seed-testing laboratory at Geneva."

Dr. Griffith's

"WAY DOWN EAST"

This picture is founded on a famous play depicting happenings in the life of an innocent, ruined girl living in the heart of New England, her struggle to earn a respectable living and the unjust treatment received from a farmer after long months of service, ending with a March storm, ice break-up and Anna and David carried with a blinding mass of ice down the roaring river.

Owing to the extraordinary length of this production, only one show will be given, opening at 8 o'clock sharp. Prices 10 and 30 cents.
