BONDING FOR MUNICIPAL IMPROVEMENTS

THAS long been a mooted question with the towns and smaller cities of our country as to whether or not they were justified in issuing municipal bonds for purposes of

One stock argument of the antis has always been that one generation is not justified in saddling a debt upon future generations.

But let us consider this.

We will say that the town of Jonesville has set its heart upon acquiring a modern technical training school. The -| subscription plan has failed to achieve it, and direct tax-AS THEEDITOR SEES IT ation is out of the question. At least it would be many THE last of the American army has years before sufficient funds could be realized by direct

We will suppose, first, that the town decides to resort to direct taxation and establishes a fund that is intended "in the course of ten or twenty years to furnish means for establishing the desired institution.

We presuppose that the town feels the need of such a Of course, if the time ever comes school, that her young people may be properly equipped for a life of usefulness. In the meantime, under the wait-'ling program, they are either not receiving the necessary instruction, or else they are being sent away to some other In the latter case, the knowledge is dearly bought; and in the former, lives that might have been made of great usefulness to the world have been stunted and nullified by the failure to acquire competent

Now, as to the bonding proposition. And right here PROPERTY becomes a big factor in the problem.

Let us take Mr. A---- as representing the property interests, which of course are expected to bear the chief many things in this world, no mat- burden of taxation. He has a family of boys to be eduter what you may think of your limicated and trained in professions and trades. Under the waiting plan this is accomplished at great expense, vastly It isn't the world that is holding you more than he would have had to pay had the bonds been back, if you are being held back. It issued, or else HIS OWN children are debarred the education they should have had in order that HE may lay up They are waiting for men and wo- \_\_\_\_\_ tund that will give this education to his GRANDCHIL-DREN — a reversing of the policy which he condemns, as it is saddling a debt upon one generation for the benefit

But, had the bonds been issued and the institution. near at hand. The hand of winter established at once, Mr. A——'s children would have energy and p profited by it and their children as well. And this would There is no greater tonic for a have been accomplished with no more expense than the weakened system than the warm and direct tax plan entailed, and that without the loss of one

We say with no more expense, because the rate of in-|\_ thinking that when the sun shines on the sun shines of the sun shi them thru a window it is beneficial. afford to do without needed facilities on account of it. Now as to saddling a debt onto future generations, as you are now doing and still live thru E. O'Neill's Coffee.

even to an uncomfortable degree, they term it. Suppose the bonds have been issued and the it and get a lot of enjoyment out of . but the glass prevents the beneficial school has been established. The bonds will have a life life-if you want to. of twenty years at least. In the meantime A——'s chil- We are never so overworked as we Fall in love with your garden this dren have been educated and are in business for them- imagine, in fact, few of us are over-

## An Important Free Service

AUR aim always is to serve our petrons in the very best way that we U can. Because of this we make this important announcement. We anonunce our Free Faucet Repairing Service.

Hereafter all faucets, bibbs and cocks brought to our shop will be repaired free of all labor charges.

We take pride in installing this free service, for we are the pioneers of our industry in this line. For some time we have quietly tried out this service, and we

I feel that it is appreciated. We believe this new idea will bring to our petrons another enjoyment of real service. We are ready to take care of your wants at any time between

What benefits our potrons, will, in one way or another, we feel ience in these small repair jobs

### Local Pride And Responsibility

The Officers and Directors of this Institution have a strong feeling of responsibility to the community and the section they serve.

This appreciation of local need is evidenced in our National Charter and membership in the Federal Reserve System. The advantages of entire community.
