### ATTENTION BRYANT & STRATTON, COLLEGE GRADUATES

The following extract from a letter recently received from a well-known firm in Allegany County speaks for itself. "If there are any graduates of your school in this vicinity whom you think might be interested, at a salary around \$100 per month or better, I will be glad to have them communicate with me."

We should be glad to refer to the above position any Bryant & Stratton College graduate who is at present unemployed. Our Service Department has no difficulty in placing our graduates. The trouble is training students fast enough and in sufficient numbers to supply the demand for our graduates, and this in face of the fact that the College has just completed the most successful year of its history.

Young men and young women with high school training and a taste for business success, will find a Bryant & Stratton education the real key to opportunity. Its courses are designed for young people who possess the red-blooded American desire to achieve things worth while. Full particulars upon request. Booklets free.

#### BRYANT & STRATTON COLLECE Buffalo, N. Y. 1028 Main Street
