

Take Your Choice

In nearly every community there is some shiftless, poverty-stricken man. In the same town you will doubtless find a man who is prosperous, happy, well-to-do. This town of ours is no exception.

You have met both kinds. Stop and think. Which man do you admire? Which one would you take for a model? Each man can tell you the story of why he is in his present condition. Ask them. In most cases you will find that the prosperous one man has worked and saved, while the shiftless one has done mostly the opposite. Of course we know your choice. Start an interest account with us.

VOTES FOR DRY LAW'S MODIFICATION

Albany, Feb. 21. — The Senate by a vote of 233 to 13, concurred today with yesterday's Assembly action in adopting the amended Walker-Donohue resolution to memorialize Congress to legalize wine and beer by modification of the Volstead act. The amendment requires that Governor Smith sign the resolution and transmit it to each member of the United States Senate and House of Representatives. When the resolution was called up in the Senate today, Minority Leader Lusk observed that it was the same resolution that the Senate had previously adopted, but with a slight change.

"The minority leader is right," Majority Leader Walker retorted, "but the slight was meant for the governor."

GOOD BEER GOES INTO THE SEWER

Bath, Feb. 21. — Acting under orders of County Judge Brown, over 135 cases of beer were destroyed by Sheriff Kellogg and his deputies at the county jail here yesterday. The beer was a cargo that was seized last summer near Bath, when en route by motor truck from Rochester to Elmira.

The sheriff employed four deputies who in turn enlisted the services of several of the jail prisoners and for two hours there was a merry popping of bottles as case after case was opened and the contents drained into the county sewer. It was no flight of fancy for anyone near the jail, yesterday to close his eyes and by his olfactory sense alone, imagine himself in close proximity to a healthy Mrs. Clifford Montgomery, Mrs. Carl brewery.

SUGAR SOARS IN OLD STYLE

Up, up, up! goes sugar again. The phenomenal raise in both the retail and naturally wholesale prices the past few days brings reminiscences of the World War days when sugar hit the high peak in price in all history.

Sugar is being sold for nine cents wholesale. You can buy it at some groceries for nine cents retail, but, as pointed out by one dealer, grocers do this merely to coax in trade and they make it up on something else.

According to those who are in a position to know the fluctuation in the price of sugar with a jump a mill or so every day is caused by the change in control of the sugar markets. Three interests control every pound of sugar almost in the country, one man, said here this morning.

There is no relief in sight, dealers say, and do not hesitate to say that the needed sweet will go even higher than at present.

Tidbits From Our School

The entertainment that was given by Mr. and Mrs. Glenn Wells Monday evening, proved to be an immense success. Both proved their exceptional ability in their acting and they presented the play "Atonement" with a fine style. The play brought out a good moral lesson and gave us the view of what a good woman can do thru faith. Their musical talent was also good and each proved that they possessed fine voices. The one-act farce was very humorous and given well by them. In all this program proved itself to be the best up on the Senior's Course.

All persons interested in our school are cordially invited to visit at any time during Friday, February 23rd, to see us at our regular work. At 4 o'clock a meeting of all parents will be held in the High School room to discuss some important subjects and also to take into consideration the new 6-3-3 plan. Invitations have been sent out in order to further encourage the people to visit, but you are welcome anyway. Thru mistakes many people will be overlooked in the sending of invitations, but we hope to see all present during the day. Do not forget this visiting day. Lunch will be served at 4:30 o'clock, by the Seniors for ten cents.

Plans are now under way for the playing of the winners of both sides of Allegany County. For the boys one game will be played on each team's local court, and then a third game will be played upon a neutral court. Plans for the girls have not been finished.

On Monday, March 19th, 1923, comes the last number of the Senior's Lecture Course. Mr. C. M. Sanford comes to us highly recommended as a presenter of vocational lectures. Do not forget this last date and thus help the Seniors.

Tuesday night our local boys High School team completely outclassed the Alfred invaders on our court. Alfred came to us with a 1000 cent. to their credit, not having lost a game since they came to us. They were defeated by a score of 10 to 2. The boys were very brave and fought hard, but they were no match for the local team.

ADVERTISE IN The News

winning of the last half Andover at once showed their supremacy and they were very excellent in their team work, carrying the ball from one end to the other with great speed and class. From then on the game was decidedly Andover's. The game at times was quite rough, especially upon Alfred's side, partly due to their receiving the worst end of the score. The final score was 14 to 8 in the favor of Andover. A preliminary game was played by the Andover Middlets and the Wellsville Freshmen which resulted in a 10 to 8 victory for Andover. The line-up of the Andover-Andover game was as follows:
