

Seventeen Years Ago

March 26th

The Burrows National Bank first opened its hospitable doors to residents of Andover. Seventeen years in which it has been a constructive, stimulating force in this community.

With every year's experience, new ways have been found to improve the equipment, increase the facilities and broaden the service.

To-day this institution is widely known for its excellent facilities, far-sighted, progressive, banking policy, dependability and strength.

Courteous attention and the best in modern service is extended to depositors, old and new.

—The Five Hundred Club were entertained at the home of Mrs. C. L. Earley, Tuesday night. Mrs. Earley and Mrs. R. A. Parker, hostesses.

—Two candidates were initiated at the regular meeting of Andover Rebekah Lodge 303. Wednesday evening. A fine supper followed in the banquet hall. There was a large attendance.

—Mrs. Thomas Powers, of Cuba, fell on the street in that village, fracturing her hip. It is a serious injury.

—A son was born to Mr. and Mrs. George Willis March 11th. Mrs. Willis is quite ill at this writing with pneumonia.

—Two men, inmates of the County Home, were taken to the Memorial Hospital at Cuba. They were ill and needed better care than could be given them under the conditions at the Home.

—A large gray timber wolf, the first seen in that part in years, was killed recently just south of Salamanca, near the entrance to the Allegany State Park, by Myron Moffat, a resident of Salamanca.

—A well drilled near Akeley, Pa. recently, is estimated to be producing 300,000 to 500,000 cubic feet of gas per day. Other wells will be drilled at once, as it is believed a new gas field has been discovered in Warren County.

—Uncle David Wilson, of Whitesville, now residing with a daughter at Wellsville, will be 103 years of age the 29th of this month, if he lives until that date. It would be fine for Allegany County friends to send him a card of greeting.

—A world-wide campaign against bull-fighting has been started. The idea originated in New York. The plan has been endorsed by the American Humane Association. There has been a growing tendency since the war, on both sides of the sea, in favor of this and other cruel sports.

—Geo. Vickers has purchased the Hammond cottages at the pond and is moving them up on the hill as an addition to his farm buildings there. A few years ago there were three cottages at the pond and it became quite a summer resort. It is to be regretted that a place of such beautiful natural scenery and so easily reached from Andover village and the state highway could not have been improved and enjoyed by the people as a picnic and outing ground.

—The vote Tuesday gave the village park fund to the American Legion to be used in improving the property, known as the Everett place, corner of First and Greenwood Streets, which they have recently purchased. The boys now have the opportunity of making a very attractive place out of their property.

—The Steuben County Home at Bath has offered to care for the women inmates of Allegany at \$5.00 per week each. It is probable, however, that arrangements will be perfected by which the women will be cared for in Angelica. Mrs. A. E. McConnell, of that village, will care for twenty at the same price offered by Bath.

—Silver Lake, March 21. — Plans are now being made by Joe Henry, who conducts the boat livery at Walkers to have several million fry placed in the lake early in the spring, he having been assured by the state authorities that they will assist in keeping Silver Lake a good place for those who like to fish. It is expected that the lake will be stocked with pike and pickerel fry.
