Market generally firm except at New York where heavier receipts caused \$2 decline in price of No. 1 timothy. Increased southern demand advanced timothy prices \$1 at Cincinnati. Delayed shipments caused some shortage of hay in South and new orders were being placed for hay that could be shipped immediately. Demand continued of limited volume. Alfalfa and prairie very firm at Kansas City on increased demand from cotton belt. Snow storms in Central West restricting movement. Wheat feeds for deferred shipment offered at \$3-4 below prevailing prices. Gluten feed firm but in fairly good supply at present prices. Hart, Schaffner & Marx
Clothes for Women

We are pleased to announce that we have added this famous line of Women's Coats to an already large showing of distinctive garments.

These coats are so "different," so beautifully made, and the fabrics and colors are so appealing, that words are inadequate; we'd have to use a whole line of exclamation points to describe them.

There is style in every coat, and quality is back of style. Altho we have sold high character garments always, we won't attempt to tell you how attractive these Coats are to us. We invite you to see them and assure you that the style, tailoring, and quality you associate with Hart, Schaffner & Marx Clothes for Men will be found in Hart, Schaffner & Marx Coats for Women.

Butter markets firm. Some light receipts principal element of support. Slow to steady advances were registered on all markets during the week, but tone was still firm. Winter is Over
And we're mighty glad

Even the calendar agrees that spring is here. No one will regret the passing of the long, bleak winter. The new life is making itself felt and spring will soon bedeck the trees in glorious green.

This is the time of year for all of us to turn our thots to new things. Easter is nearly here and that calls for new clothing for all. The house, too, will need new furnishings and fittings.

The merchants of Hornell have made special preparations for this spring-time season. Never have stocks been so large and so varied. The shelves and counters are piled high with the most wonderful wares of years. New dresses, new suits and wraps for the women-folk; coats, suits and shoes for the men and the youngsters—everything is here in wide assortment.

The prices are unusually modest. Hornell merchants are doing their level best to keep prices down. They succeed because Hornell is growing as a shopping center. Each week more and more people find that it pays to trade in Hornell. The greater the volume of business, the smaller the margin of profit. That is why you can buy high-class merchandise at such reasonable prices.

Not many more days remain before Easter! When will we see you in Hornell?
