### Reportorial

—W. W. Pingrey has purchased a new Overland touring car of Jas. McDonough.  
—The W. C. T. U. meets this afternoon at the home of Mrs. Agnes Robinson, on Elm Street.  
—Archie Bloss was out of the Bloss grocery, Tuesday and Wednesday, suffering from sore throat.  
—The "500" Club will meet with Mrs. L. A. Johnson, next Tuesday evening, at 6:30 for a tureen dinner.  
—A rain-bow Tuesday and a snow storm Wednesday night is somewhat out of the ordinary even for Allegany County weather.  
—Baker Bros. & Boyd have installed new display cases in their hardware store, which gives the store a very natty appearance.  
—The Coterie Club will be entertained at a luncheon at the home of Mrs. James P. Cannon, at half past one Saturday of this week.  
—Angelica has recently purchased a new electric fire alarm siren. It is said that it can be distinctly heard in every quarter of the village.  
—The S. D. Baptist Ladies Aid Society will meet with Mrs. J. Harvey Backus next Tuesday afternoon, for a business and social meeting.  
—The Ladies Aid Society of the M. E. Church will hold a Parcel Post Sale and serve supper at the church Wednesday night, April 18th. Supper menu: potatoes au gratin, pressed meat, horse radish, warm rolls, maple syrup, pickles, jello, cake, coffee. Price 35 cents.

—Parcels Post Sale April 18th, M. E. Church.  
—The regular monthly meeting of the Parent-Teachers' Association will meet this afternoon (Friday) at the school building, at 4 p. m. All are cordially invited.  
—Owing to the condition of the dirt roads, between here and Whitesville, the Dairymen's League milk truck has been taking the milk to Canisteo this week.  
—Remember that Tuesday evening, April 24th, will be the date of the next public session of the Parent-Teachers' Association. You will want to plan to attend.  
—Among the list of March graduates from the State Agricultural School at Alfred, we note the name of Charles Fulmer Clarke, son of Mr. and Mrs. William Clarke, of Andover.  
—Assemblyman Duke has introduced a bill in the Assembly for an appropriation of \$75,000 for protection to the state highway at Belmont from flood damage. It is proposed to replace the old dam as a means of keeping the current of the Genesee river away from the banks which are now inundated at times each season.  
—Fire destroyed the home of Mr. and Mrs. Sidney Kaple, at Knoxville, Pa., last week. The fire is that to have started from a chicken brooder the cause being the income of gas pressure during the night. Mr. and Mrs. Kaple moved to Knoxville from this village a few months ago, and have the sympathy of many in this misfortune.  
—William Gostley, of Wellsville, died on South Main Street in that village, Sunday morning, after an illness of many months. The deceased was well known in Andover, being a member of Andover Odd Fellows Lodge. Deceased was a brother of Mrs. Frank Nobles, of Rochambeau Avenue. Funeral services were held Wednesday afternoon.  
—The Allegany County Firemen's Association will hold the 1923 annual convention and parade at Belfast, in July. The date will be decided upon and announced later. This decision was arrived at last night at a meeting of the Belfast Fire Department and the executive committee of the Firemen's Association, with delegations present from Andover, Wellsville, Scio and Belmont.  
—Parcels Post Sale April 18th, M. E. Church.

DAIRYMEN'S LEAGUE MOVIE  
Everyone has heard of the Dairymen's League movie film which has been shown over the territory of the states of New York, Pennsylvania, New Jersey and the New England States, where the League is represented. It shows the League in action. The different plants, the machinery and the methods of manufacturing the several products are clearly set forth. District Superintendent Leland will be present and explain the pictures.  
It has been viewed by tens of thousands during the past winter and has received great praise.  
This great five-reel picture will be shown April 17th, at the Auditorium, as a special show, on Tuesday evening next, under the auspices of the Andover Dairymen's League. The admission will be free to all.  
See posters for further information.

JUST FOR FUN  
To be busy is to be happy. This is the theory on which the Red Triangle Boys did business at their meeting, on Monday evening. The meeting was held in the recreation rooms at the Silk Mill. The matter of putting on a minstrel show was before the club. After a lengthy discussion as to dates, expenses and several other matters of business, it was decided to rent the Opera House for Tuesday evening, April 24th, give Andover a good entertainment and have the fun that usually goes with taking part in such a program. The Andover boys will be backed up for the occasion. They will be assisted by a chorus of 60 Red Triangle Boys from Wellsville, who have agreed to aid the local club in producing the evening's program. All financial returns from the show, above the expenses, will go into the treasury of the Andover Club.

The Wellsville boys are acting on the same theory of activity and fun. They will enjoy the trip to Andover and the opportunity for good fellowship which it affords. They are not to receive any profits for what they do.

Tickets of admission will be sold by the Andover Club at 35 and 50 cents each. The sale begins at once.

LOST — At the time of the funeral of Mrs. McAndrew, cap over hand-starter of auto. Finder please notify W. J. Embser, Wellsville.

The SUGAR BOWL

IT'S GREAT TO LIVE TO-DAY  
If you had come into the world at about the time Columbus came to America, your chances of living long would have been few. For, in those days, the average length of life was only fourteen years.  
Slowly expectations grew better. The average length of life was increased to thirty-three years; then to forty; then to —  
But there has been a big jump. And what do you think it is? The average length of life is, in America to-day, fifty-five years.  
This means that a child born to-day has an average chance of living four times as long as had a child born when Columbus sailed the seas.  
And what has brought about this wonderful change? Three things — the science of sanitation, the science of medicine, people's understanding of how to live.  
Sanitation — better plumbing — holds first place in this great advance. For plumbing prevents disease by getting rid of waste, and it promotes health by giving those things which build strong, efficient, happy bodies.  
Life can be lengthened still further when people make use of all the things plumbing has to offer.
