

## True Forethought Makes Price the After-thought in Buying Clothes

No man was ever sorry that he paid the price of Quality. He gets something that can't be reckoned in dollars and cents — deep pride of appearance — and he gets something that can be so measured — long and honorable service far beyond what the price equitably entitles him to expect.

Stein-Bloch Smart, Clothcraft Guaranteed and Griffon Ultra Clothes for Spring add lustre and a reputation that already outshines any others. Their enduring tailor-work makes the Style Stay in the garment as long as it stays in use.

The majority of men pay too little attention to Shirts — they overlook Style, Fit and Fabrics — you should insist on the best of all three — Best-Style, Best Fit and Best Fabrics — and you'll find them all in Manhattan Shirts.

A mysterious fire occurred Saturday, April 21st, which burned the barn on the Coten farm in Rexville.

The farm belonged to Churchill Cobb, of Canisteo. Norman Allen was the tenant. About 9 o'clock in the evening there was an explosion, which quickly burst into flames and burned so rapidly that nothing could be saved. There was burned 27 head of cattle, 4 horses, 2 hogs, tractor and all farm machinery, 14 tons of lime, about 600 bushels of oats and buckwheat, 40 tons of hay, 150 bushels of potatoes and a load of feed which was on a wagon near the barn.

Max Wilcox, a farm hand, who was trying to escape from the barn, fell prostrate just outside the barn door and was burned very seriously. One of the horses broke loose and followed Mr. Wilcox only to fall dead after getting part way thru the door. The origin of the fire is not known, but is thought to be caused from the explosion of the lime stored in the barn.

Three years ago the house on the same farm burned. Mr. Allen then being the tenant, was burned very badly. All of his household furniture was lost, the family just escaping with their lives.

Mr. Allen and family have the sympathy of the entire community.

**Hay**  
Prices firm at principal markets. Receipts light at many of the distributing markets. In the eastern consuming markets there is only a fair demand as dealers are buying only sufficient hay to supply their current needs. Clover and heavy clover mix-

tures are dull as are also poor grades of timothy. A larger movement of prairie is expected because of improved road and weather conditions. The recent high prices also have encouraged freer selling by producers and country dealers. Southern demand has slackened somewhat as buyers are holding off because of advanced quotations. Quoted April 21: No. 1 timothy, oBston \$25.76; New York \$26.50; Phila. \$23; Pittsburgh, \$20.50; Cincinnati \$20; Chicago \$22; Jacksonville \$27; Savannah \$27; Atlanta \$27.

**Feed**  
Prices for most feeds especially for nearby shipment. Gluten feed prices reduced \$2 per ton offerings and demand good. Linseed meal advanced about \$3 per ton from recent low on reported export buying, domestic demand fair, offerings in excess of requirements. Hominy feed steady, offerings and demand light. Cottonseed meal in good supply but few urgent offerings are noted. Little change in demand and supply situation of other feeds; Quoted April 21: Bran \$28, middlings \$28.50, rye middlings \$26.50, Minneapolis, white hominy feed \$31.50 St. Louis, \$32 Chicago; 32 % linseed meal \$43 Minneapolis, \$43 Buffalo; 36 % cottonseed meal \$39 Memphis, \$41 Atlanta; gluten feed \$34.65 Chicago.

**Grain**  
Wheat prices advanced and declined alternately all week, but averaged higher and closed at net gains. Strengthening factors were unfavorable crop and weather reports and new investment buying. Chicago May wheat advanced 1/4¢. Early weakness in wheat on the 23rd turned to strength as liquidation was discontinued and commission houses bought on resting orders. Corn lower early, but liquidation ran its course and market advanced sharply. Active cash demand both domestic and for export. Closing prices in Chicago cash market: No. 2 red winter wheat \$1.34; No. 2 hard winter wheat \$1.26; No. 2 mixed-corn 81¢; No. 2 yellow corn 81¢; No. 2 white oats 45¢. Average farm prices: No. 2 mixed corn in Central Iowa 68¢; No. 1 dark northern wheat in Central North Dakota \$1.09. Closing futures prices: Chicago May wheat \$1.24 1/2; Chicago May corn 78 1/2¢; Minneapolis May wheat \$1.26 1/2; Kansas City May wheat \$1.18 1/2; Winnipeg May wheat \$1.22 1/2.

**Dairy and Poultry Products**  
Butter market broke sharply during the week. Supplies temporarily in excess of demand and with a season of heavy production approaching. Receivers in the market have been afraid of being caught with a surplus in the face of falling prices. Weak foreign markets also have influenced on account of the possibility of further imports. The tone of the market at the close to-day was steadier. Closing prices, 92 score butter; New

York 42 1/2¢; Phila. 42 1/2¢; Boston 43¢; Chicago 41¢. While cheese was weak and unsettled early in the week there was a tendency toward steadiness at the close indicating a feeling on the part of buyers that prices were at or close to bottom. Buying not

real active, but orders are more numerous and for larger amounts. Prices at Wisconsin primary cheese markets April 21: Flats 20¢; Twins 19¢; Single Daisies 20 1/2¢; Double Daisies 20¢; Young Americas 20 1/2¢; Longhorns 20¢; Square Prints 20 1/2¢.
