THE SACRED CONCERT

The Sacred Concert at the Methodist Church last Friday, was attended by a large number of Andover people. And all appreciated the fine and varied numbers given by the choir of the First Methodist Episcopal Church of Wellsville. Many friends were seen among the choir, and greetings were exchanged after the program. The reputation of this choir for careful and studied work was fully sustained by its work here the other night, and we congratulate our sister church on the possession of such a talented organization.

It needs to be said that the concert was given the people of Andover thru the courtesy of the director and members of the choir. That courtesy is indeed appreciated.

After the concert the Official Board of the Methodist Church entertained the Wellsville and Andover choirs at supper. After supper the appreciation of the audience was voiced by the pastor of the church.

Acknowledgement is due Prof. Levi R. Tubbs of the Andover High School for his courtesy in re-arranging his date for the School Exhibition, which has finally been set for Thursday evening, May 10th, and to the Editor of the Andover News for courtesies shown.

poem
by **UNCLE JOHN**

I used to mourn about the trials of my ancestral pioneers,—I've filled a million two-quart vials with briny, sympathetic tears. . . . I've wept, because of tribulations through which our early settlers went, when I would hear the moist orations, about the old log-cabin gent. I've Dangers—Past sobbed at how he slew the weasels, and Present skinned his thumb an' cut his toe—an' suffered forty kinds of measles from wadin' miles of heartless snow. . . . O, each installment made me tivel, and each recital fetched the brine, and I would set around an' snivel, about them old kinfolks of mine. . . . But—times has changed, and I'm reflectin' along the lines of present dread. . . . I've saw some things I weren't expectin'—that any hour could knock me—dead! We've got the crazy benzine flivver—We've got the bull-necked road-bug, too—We've got the germs that eat our liver—we've got the bug that starts the flu! My days an' nights is spent in terror.—I'll never reach a hundred years—I'll swaller down my bald-face error, about them happy pioneers! I've studied it from every angle — I've turned the subject inside out, and I have learnt, beyond a wrangle, that I'm the one to weep about!

Yr. true John.
