—Rev. H. D. Bacon, of Portville, will deliver the Memorial Day address in Andover, this year. The News expects to publish the full program for the day next week.

John D. Jones, of Cuba, for several years superintendent of the second supervisor school district of this county has been elected superintendent of a district in Erie County including the towns of Lancaster, Hamburg, Alden and other towns in that locality. He will have over 200 teachers under his supervision. The position carries a handsome salary.

—Arthur Finerman, of Hornell, a former state policeman, was arraigned on a charge of violating the liquor law. He pleaded guilty and was fined \$50. Another indictment charging him with violation of the highway law was dismissed. It was claimed that Finerman had liquor illegally in his possession one night in January 1922, following an accident on the Canisteo road.

—The remains of Arthur Mees, a musician of national fame, were brought to Alfred for interment, April 27th, from his home on Riverside Drive, New York City, where his death occurred. Dr. Mees was born in Columbus, Ohio, and had studied under the best musical masters in this country and abroad. The "Musical America" said of him "probably no one exerted a more widespread influence on choral music in this country than Dr. Mees." He was married some years ago to Susan M. Howell, of Alfred, who survives.

Tidbits From Our School

The Physical Training Exhibit proved itself to be a huge success. The work was well done thruout the whole program. Mr. Sisson gave several dramatic and humorous selections and was well liked by the audience. A goodly number attended the exhibit.

The Preliminary Prize Speaking Contest was held at the school house last Monday evening to determine who should represent our school at the county contest next Monday. Three girls participated in the contest. Miss Olive Chase was chosen by the judges as the winner after a long debate. The Spelling Contest was also held that evening. The winner was Robert Lynch. These two students will compete for higher honors with the other contestants of the county Monday next.

The Andover High School Baseball Team journeyed to Belmont, the county seat of Allegany County, last Friday, May 11, 1923. Report has it that the game was played.

Several of the High School girls have gone back to the customs which

were in practice during King Tut's reign.

The fourth annual Basket Picnic, Field and Track Meet of the Allegany County Athletic Association will be held at Wellsville, May 21st. No school will be held on that day for a holiday is had all over the county then. Many of the local students will attend the meet and also some take part.

The Parent-Teacher's Association meeting last Tuesday evening was a very interesting one indeed. The debate was the main feature of the entertainment and proved a success. The negative side of the proposition: "Resolved that more good will be done by the establishment of industrial training in our school than by the employment of a community nurse," were awarded the favor of the judge's decision. The winning debaters were as follows: H. Thorne, George Barrett and Mrs. McPetridge.

Several students journeyed to Alfred Wednesday to see the Inter-scholastic Track Meet which was held there.

Thursday, April 5 1923. On Thursday morning, the Logan House presented a scene of great confusion and noise, for the Seniors were hastily preparing to leave. After our bags had been securely packed

and left in charge of the baggage-man, we set out on our last day of sight-seeing in Washington.

The weather, as if to show its regrets at the parting had changed from sunshine to clouds and a steady rain. Nevertheless this did not dismay us because most of the tour of that day was done indoors and on a sight-seeing bus.

The first place we visited was the Bureau of Engraving and Printing, an immense model factory building, situated at Fourteenth and C Streets. This Bureau is a branch of the Treasury. Here are printed the national currency, together with postage and revenue stamps, naval, military and diplomatic commissions, passports and so forth.

Guides, who explained the processes of printing, conducted the party thru the stamp and paper currency department.

On leaving the Bureau of Engraving and Printing we went to the Treasury Building. It is second only to the Capitol itself in architectural importance, and is a very imposing structure of granite and sandstone.

The cash room was the first room we entered. The walls were of choice American and Italian marble, one of the costliest rooms in the world. The daily transaction carried on in this room runs into the millions. The money laundry was next viewed, where the soiled bills are washed.

The bills are carried on endless belts, between copper rollers, immersed in soap-suds, rinsed in clear water, dried on gas-heated drums, ironed, and delivered clean and crisp.

After the Treasury Department had been duly inspected, it was lunch time, so our party adjourned to the Child's Restaurant.

The afternoon was spent in a sight-seeing bus, visiting many points of interest about Washington. Among these was a ride thru Mount Pleasant, the beautiful and interesting zoological park, and historic Georgetown, passing over the new Francis Scott Key Bridge; this bridge spans the Potomac river, reaching into Virginia, thru quaint Roselyn, a typical Negro settlement.

From there we went to Fort Myer Military reservation and to the Arlington National Cemetery, where we visited the homes of Curtis and General Robert E. Lee, the memorial amphitheatre and tomb of America's unknown hero.

On the return trip we passed the Arlington wireless towers at Radia, the agricultural experimental farms by way of the Highway or Long Bridge, thru beautiful Potomac Park, and back to Washington to Child's for supper.

After supper we were again packed into a bus and taken thru the pouring rain, to the Union Station where we took a train for Philadelphia.
