"The church should be the place where the lonely gain the sense of companionship, the discouraged new faith and hope, the perplexed fresh insight into duty, the weary renewed strength. It should be the place where those who have been working in iso-

lation come to the consciousness of their oneness in Christ, and the purpose and resolution of each is reinforced by contact with the larger fellowship of which he is a part. In a word, it should be at once the source of inspiration and the bond of union for all who love and serve their fellow-men and God."

We welcome YOU to all the services of OUR church.
