Dated, December 16, 1922.

ANGIE A. DAVIS,

Administratrix.

JAMES T. FOODY,

Attorney for Administratrix,

Hornell, N. Y.

# Farm and Stock Mart

Washington, D. C. For week ending May 21, 1923

### Fruits and Vegetables

Florida and South Carolina potatoes generally higher in consuming markets for the week, steady at shipping points. Texas and Alabama potatoes weaker, old potatoes show slightly tone. Best Virginia cabbage reported May 21: Florida Spaulding, \$1.29; No. 2 hard winter wheat, \$1.20; No. 2 mixed corn 82c; No. 2 yellow corn 83c; No. 2 yellow corn 83c; No. 3 white oats 44c.

### Hay

The movement of timothy and clover hay continues very light and prices at most markets remain firm for the better grades. The demand for alfalfa has fallen off sharply from the cotton states and eastern buyers apparently are awaiting the readjustment of prices to a new crop basis.

### Feed

Fairly good demand for spot and transit feeds in most markets. Heavy offerings from winter wheat feed territory both for deferred and prompt shipment caused gradual decline of bran prices. Distant deliveries around \$18 per ton. Linseed meal meeting with better demand in eastern states on basis \$38.50 Buffalo, offerings in Northwest heavy, prices steady.

Quoted May 19: Bran \$25.50, middings \$28.75 Minneapolis; gluten feed \$37.15 Chicago; white hominy feed \$33 St. Louis, \$34 Chicago; 32% linseed meal \$39.50 Minneapolis; \$40 Chicago, \$39 Buffalo, 36% cottonseed meal \$38 Memphis, \$38 Atlanta.

### Live Stock and Meats

Chicago hog prices ranged from 15-25c lower than a week ago. Beef steers were 15-45c and butcher cows 10-50c higher. Feeder steers were steady to 10c and veal calves steady to 50c up. Fat lambs 25-85c spring lambs 15-50c; yearlings 75c-1.50 and fat ewes steady to 50c higher.

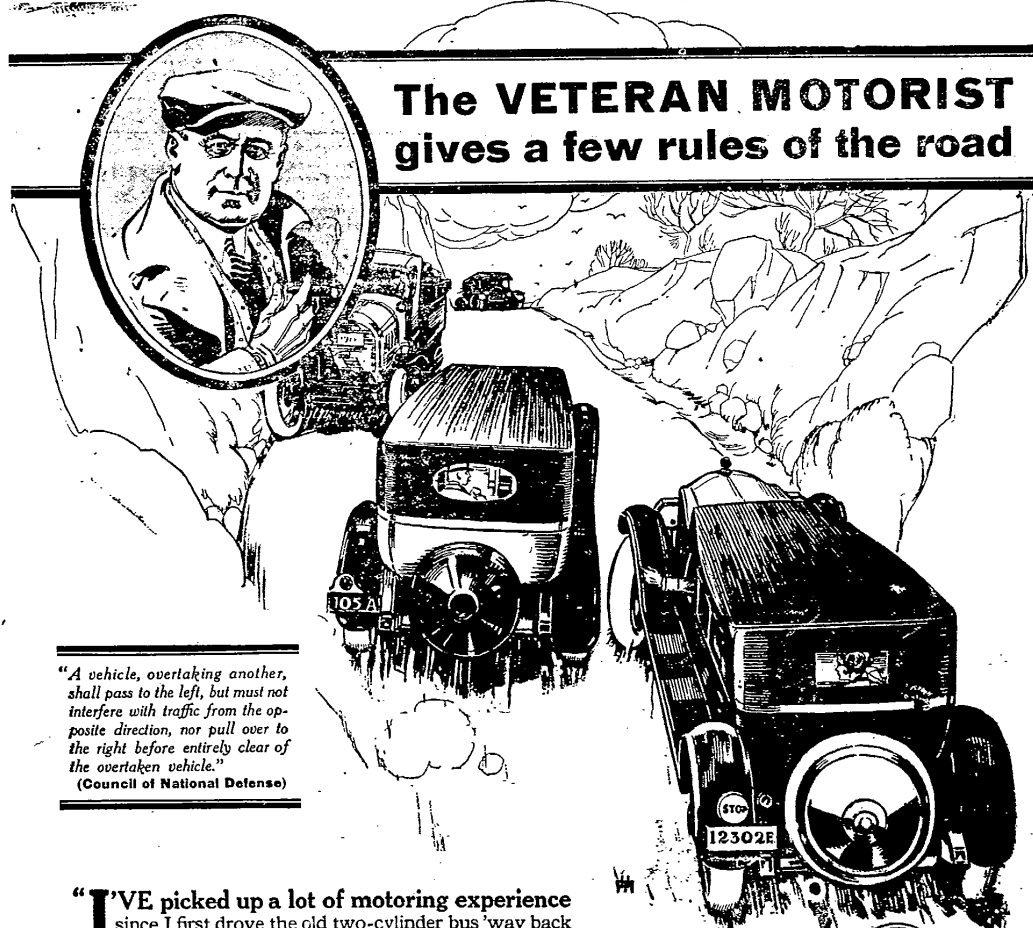

On May 21st hogs were 10-20c lower; beef steers, butcher cows and heifers and stockers and feeders 10-15c higher; veal calves 25-50c lower. Fat lambs 10-25c lower; sheep 15-50c; yearlings 75c-1.50.

May 21 Chicago prices: Hogs, top, \$7.75, bulk of sales \$7.25-7.65; medium and good beef steers \$8.75-10.20; butcher cows and heifers \$5.10-10; feeder steers \$8.25-11.50; fat lambs \$13-15.25, spring lambs \$16-17.65; yearlings \$8.75-14; fat ewes \$4.25-8. Stocker and feeder shipments from 12 important markets during the week ending May 11 were: Cattle and calves 42,867; hogs 9,610; sheep 16,049. In eastern wholesale fresh meat markets beef was \$1-3; veal firm to \$1; lamb firm to \$4 higher with mutton weak to \$1 lower; light pork loins 50c-51c.

lower and heavy loins \$1 lower to \$1 higher for the week. On May 21st beef was 50c-51c higher, veal \$1.50-1.82 and pork loins steady to 50c higher at Boston; cows and bull beef 50c-51c higher and pork loins weak to \$1 lower at New York and all classes generally \$1 higher at Phila. May 21 prices good grade meats: Beef \$15.50-17; veal \$16-18; lamb \$27-31; mutton \$17-19; light pork loins \$18.50-21; heavy loins \$14-16.

### Dairy and Poultry Products

Butter markets unsettled and weak at the close to-day, with prices at 1 1/2c-2c lower than a week ago. Increasing supplies on the market due to higher production not readily observed by current demand, and this sluggish movement trading in the buyer's favor; undergrades becoming more liberal in supply. Closing prices 92 score butter: New York 41c; Chicago 40c; Phila. 42c; Boston 42 1/2c. Cheese markets have gained some strength and buying is on a more confident basis, and purchases are being made for future requirements. Buyers, however, criticize regarding quality. Higher prices have resulted in the return of some of the cheese shipped to England earlier in the spring. Prices in Wisconsin primary cheese markets May 19: Platts 22 1/2c; Twins 22c; Single Daisies 22 1/2c; Double Daisies 22 1/2c; Longhorns 22 1/2c; Young Americas 22 1/2c; Square Prints 23 1/2c.

## The VETERAN MOTORIST gives a few rules of the road

"A vehicle, overtaking another, shall pass to the left, but must not interfere with traffic from the opposite direction, nor pull over to the right before entirely clear of the overtaken vehicle."

(Council of National Defense)

"I've picked up a lot of motoring experience since I first drove the old two-cylinder bus 'way back in—guess it must have been around 1906 or '07. And there are two rules of the road that I've always stuck to. 'Safety first' is one of them, and 'consideration for the other fellow' is the second.

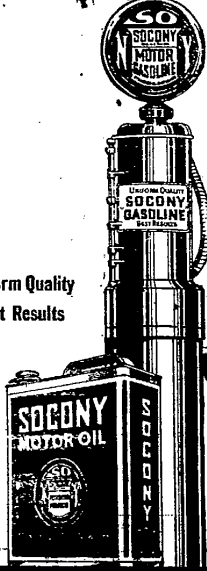

"I really believe that it's because I have stuck to them that I haven't had a single smash-up. (Three taps on wood, as I write this!) Just take the matter of passing a car. Simple enough—sure. And the driver that uses common sense and a little consideration never has any trouble. But this habit—and it's mostly a habit—of always trying to get ahead of the fellow in front of you is the cause of more close shaves and real accidents than any other one thing I know of.

"Make sure there's plenty of room ahead of the car you're going to pass. And remember—it's bad business to pass a car near the top of a hill, or on a curve. In fact, it's against the law in some States to pass another car on a curve."

### Strong Shoe Values. Why?

Owing to that amazingly low price of our Shoes, we are often questioned as to the quality. When once a customer wears a pair of E. J. Shoes this doubt and question ceases. "Better Shoes for Less Money" is made possible only by the enormous production of our factory. Make us prove this statement: "Better Shoes for Less Money."
