The Inseparable Twins of the Business World

THE PERSON ASSESSED FOR THE PERSON ASSESSED TO BE REALLY OF THE PERSON ASSESSED.

Confidence and Credit - the inseparable twins of commerce - are a necessary factor in every business.

With their aid many a business man has succeeded in a big way on a small initial capital; without them big businesses have failed.

An account at a good bank is one of the first steps in establishing confidence and credit.

ANDOVER CEMETERIES WELL CARED FOR

A visit to Hillside and Valley Brook Cemeteries, before Memorial Day, found both grounds in fine condition. Messrs. Jett Blodgett and W. N. Rice, the sextons, are deserving of praise for their painstaking care of the resting places of our relatives and friends. We remember back, only a few years, when these grounds did not present the fine appearance of this year. The village cemetery is indicative of the status of the town, and Hillside and Valley Brook this year speak well for Andover.

TWO MORE GOOD PRODUCERS

Atwood & Stebbins of Andover Atwood & Stebbins of Andover prought in an 8-barrel producer, Monday, on the Floyd Heseltine farm above the Famous Marsh pool. This is this company's fifth well on the Heseltine lease and the rig is being moved to another location. Between six to ten wells will be drilled on the new location this summer. Surely looks as tho Whitesville was not out of the oil producing game yet. The Atwood & Stebbins wells are all na..ral force, no water force or flood being employed to secure production.
