Several matters of importance were discussed and many good reports for the betterment of road conditions were reported thruout the county, gained thru the efforts of the association. It seems that in view of this alone, no rural carrier could afford to not belong to the association.

After the business meeting a social hour was enjoyed by all present. The Belmont carriers served coffee, weiners, hot rolls, doughnuts and cigars to the visiting carriers.

HOMER PHILOSOPHY for 1923

"Once there was a wise boy. He was wise, not foolish, because he bought a car, and wiser still because he used it. Whenever he got into a jam he'd go into the garage and take a long look at that silver, And his eyes would fix themselves on the shock absorbers. He'd paid about \$20 for them. When he first drove the car he found out he'd better dodge the bumps and soften those he couldn't dodge.

Nowadays he sees that life is just a village roadway calling for improvements, and not a very long roadway either. A little cautious driving and we can reach the end without much shaking up. Then we can go into neutral without worrying.

Tidbits From

Our School

The High School Nine went to Wellsville last Tuesday afternoon.

Next week, beginning with Monday, the High School will be honored by a distinguished guest. He will remain with us until the close of school Friday, June 22, 1923. The students are well aware of the great honor which will be bestowed upon them during his visit. Thus they are preparing and touching up their weak spots so as to welcome him rightly and justly. At the present writing, the visitor, commonly called Mr. Regents, is under lock and key reclining in a tin box.

In Spanish Class one of the students must have fallen asleep and dreamed of base ball for when he woke up he was stretched upon the floor. Probably dreamed that he was sliding home from third.

Remember that the Baccalaureate sermon this year will be held at the Methodist Church, on the evening of June 24, 1923. Reverend Whelan will deliver the sermon.

The Wellsville High School Base Ball Team will invade our territory next Saturday afternoon. The game will be played on the Silk Mill diamond and will begin promptly at 3:30 o'clock. Come and support your team.

Commencement falls on the evening of June 26, 1923.

The Parent-Teacher's Meeting last Tuesday evening, was a huge success. The study hall was completely filled before the time of starting. Chairs and benches were brought in and put between desk rows in order to accommodate the great audience. Many interesting numbers were on the program of the evening, including a most instructive lecture by Mr. Watson on birds and out-door life. Mr. Watson also displayed many pictures upon the screen, which he had taken on various trips and excursions in the wilds in Canada and the South. In all, the evening was very pleasantly spent by those who attended.

Andover High at Wellsville
On Tuesday afternoon the Andover High School Base Ball Team journeyed to Wellsville to cross bats with the High School team of that village. The game was a see-saw affair with Wellsville finally emerging to the top by an 18 to 13 score. As the score indicates the game was a slugfest, the Andover team getting eighteen safe blows to their opponents sixteen. The Andover team beat Wellsville one way and that was in getting more scores in one inning. In the first inning Andover crossed the plate six times while the best Wellsville could do was to obtain one, which happened in the sixth inning. This inning decided the score in favor of Wellsville.
