Our Flag---What It Stands For---How to Treat It

Readers: Study This, Then Clip it Out and Save it

Symbol

"The flag of the United States symbolizes that freedom, equality, justice and humanity for which our forefathers sacrificed their lives and personal fortunes. Today this flag represents a nation of over 100,000,000 free people, its Constitution and institutions, its achievements and aspirations.

"The national flag represents the living country and is itself considered as a living thing.

Pledge

"I pledge allegiance to the flag of the United States and the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Salute

"During the ceremony of hoisting or lowering the flag or when the flag is passing in parade or review all persons present should stand at attention facing the flag. Men's head-dress should be removed with the right hand and held at the left shoulder. Those present in uniform should salute with the right hand. Women should stand at attention facing the flag or as the flag is passing in parade should salute by placing the right hand over the heart. If the national anthem is played and no flag is present all stand at attention and salute at the first note of the anthem, retaining the position until the last note of the air is played.

Anchor

"The Star-Spangled Banner" is recommended for universal recognition as the national anthem.

Flag Law

"There is but one Federal statute which protects the flag throughout the country from desecration. This law provides that a trademark cannot be registered which consists of or comprises, among other things, the flag, coat of arms or other insignia of the United States or any simulation thereof. (33 Stat. L. p. 725, Feb. 20, 1905.)

Display

"The flag should be displayed from sunrise to sunset only or between such source as designated by proper authority on national and state holidays, and on historic and special occasions. The flag should always be hoisted briskly and lowered slowly and ceremoniously.

"When carried in a procession with another flag or flags the place of the flag of the United States is on the right.

"When a number of flags are grouped and displayed from staffs the flags of the United States should be in the center or at the highest point of the group.

Platform

"When used on a speaker's platform the flag should be displayed above and behind the speaker. It should never be used to drape over the front of the platform.

"When used in unveiling a statue or monument the flag should not be allowed to fall to the ground, but should be carried aloft to wave out, forming a distinctive feature during the remainder of the ceremony.

Church

"When the flag is displayed in church it should be from a staff placed on the congregation's right as they face the clergyman, with the service flag, state flag or other flag on the left wall. If in the chancel the flag of the United States should be placed on the clergyman's right as he faces the congregation."

Don't's

Do not dip the flag of the United States to any person or any thing. The regimental color, state flag, organization or institutional flag will render this honor.

Do not let the flag of the United States touch the ground or trail in the water.

Do not use the flag of the United States in any form of advertising nor fasten an advertising sign to a flag.

Do not use the flag as drapery; use bunting.

Do not drape the flag over the hood, top or sides of a vehicle, or of a railroad train or boat. If it is desired to display the flag on a motor car affix the staff firmly to the chassis or clamp it to the radiator cap.

Do not use the flag of the United States as a receptacle for receiving, holding, carrying or delivering anything.
