WHY THAT LAME BACK?

That morning lameness — those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Andover resident's example.

Mrs. E. L. Gardner, Rochambeau Ave., says: "A cold settled in the small of my back and put my kidneys in a weak, unhealthy condition. I shall never forget how my back it stooped to ache and pain. Whenever I stooped to dust or wash, a knife-like pain would catch me in the small of my back and then dart up my spine. Frequently, many colored specks would float before my eyes, blurring my sight. The action of my kidneys was irregular and caused me lots of trouble. Doan's Kidney Pills cured me of all this trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gardner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"A man doesn't have to be much of an authority on driving a car to know that it's a heap-sight better to be careful than to wish afterwards that you had been. Carelessness, not recklessness, causes most of the accidents."

(The Traffic Officer)

Says the Veteran Motorist:

"I WANT to say right here that the attitude most motorists have toward the traffic officer is absolutely wrong. The majority of drivers imagine that he is always out to get them. Nothing of the sort.

"His job is to keep the highways safe for everybody. He's out to keep you from endangering the lives and limbs of others. And he's out just as hard and just as long to keep the other fellow from banging you up. He may call you down one minute and then save you a nasty smash-up at the hands of some novice or dare-devil just behind you.

"One of the best scouts I ever met is a traffic officer and a few incidents that he and others have told me make me feel like taking my hat off to the whole bunch of them. If you want my honest opinion of it, I think it's a wonder that they manage to keep so courteous, considerate and fair—considering what they have to put up with day in and day out."
