

Sign-Boards on the Up-Road

by Hamilton & Williams

The fact of Law is the balance-wheel of the human soul... sings Browning. "All's Law, yet all's Love." The outcome of the process of Law would necessarily work out a perfect rightness. Love is rightness. No equation of human experiences may be understood without bringing God into the matter. That fact steadies one when the tides are sweeping his frail house from its foundations. That calms one midst storm and stress, in the dark hour when dream's lanterns are dim... when it seems as if one had come to a blind alley. We are in the universe of God always, and always He is Father and Comrade and Friend, energizing by the genius and artistry born of a perfect understanding.

What infinitesimal stupidity one shows who dares to cramp God into some pigmy phrase or yoke of mechanical creed. The implications of any positive idea of rightness, justice, love are so vast that the soul is dazzled at the possibilities beyond our comprehension. Positive ideas are lamps which light up the far-flung roads of adventure. That which is born of God is to be squared with Reason. Reason is a verifiable voice of deity. Religion shall be ultimately a rational program for universe-living.

Beholding the time-trail by our dim illumination, judging cosmic movements from a time point of view, reading the Book of Events as a series of disconnected episodes, making the immediate and the individual the test of purpose, — and easily one may write Blunder and Chaos upon the pillars of the human edifice.

ANDOVER OUTCLASSES FRIENDSHIP TEAM

Sunday's Game 10 to 0 in Favor of the Andover Boys

The Friendship ball team proved easy meat for the local team, here Sunday, the home team winning easily by a 10 to 0 score.

Howe, pitching for Friendship, lasted but four innings, and Gardner, a left-hander, who relieved him was no more effective than his predecessor. The Andover bunch gathered eleven safe hits during the game, while Friendship could only tally 3.

Following is the official score:

NOTICE TO CUT WEEDS

This is to notify you that section 54 of the Highway Law requires that the owner or occupant of lands abutting upon the highway shall, before the first day of September in each year, cut and remove all noxious weeds, briars and brush growing within the bounds of the highway fronting such premises. If the owner or occupant fails to perform this duty, sections 54 and 55 of the Highway Law requires the town superintendent to cut and remove the same during the month of September and assess the cost as a tax against the property. The town superintendent of your town will be held strictly accountable to the department for the enforcement of the law in this respect.

E. C. HOWLAND, Town Supt. 30

How about the family picnic? Set the date early.

When you press a woolen article such as a dress or a man's suit, use a wool cloth to do so, before finishing you will not find that shiny look; even a part wool cloth will do.

Glenn Frank, editor of The Century, has assembled the findings of the despair-literature which has flooded the world within the last five years. It is the literature of the myopic pygmies broad cast from pygmy to pygmy. It is the fright of the mechanical mind whose God is the same essentially as the blood-thirsty deities of Babylon; it is the unhappy literature of those who still believe in hells and devils. It is the credulity literature.

First is the biologic fear that the human race is rapidly degenerating in every way — playing-out. Another fear is the mob-control, the mobilization of multitudes animated by hate. Another fear is that industry in strangling the human family, mechanizing the people, destroying creative genius, ... in the background starvation looks upon a world of wheels but without wheat. Another fears that modern life is too complex to be controlled. Add to this the moral fear that evil is slowly but surely winning. This last is the stock-in-trade of many loud-voiced doom-propheets who are drawing multitudes. It is affirmed that God is about to write "fnis," that Jesus, the fetch, of the mechanicians is coming to wade in blood and take revenge upon the millions for refusing to "accept Him." The doom-propheets and the credulous hearers are of the temperament that used to crowd Nero's holiday butchers. They love the blood-talk and react to the revenge-idea.

To offset all this primitive and unreasoning "bunk," — let Reason speak. A decent idea of God takes away all fear. A conception of Jesus as a master-builder, and a religious idea which follows on this straight road of values and which conceives God and all intelligent people to be builders, — and we behold a world in evolution — lifting toward the purpose of the infinite engineer—Who-Knows-His-Job!

FARMERS AND RAIL DISCUSS JOINT

Efficient and economical transportation of farm products is the subject of a conference in Syracuse between farm leaders and officials. The conference was held at the Syracuse Hotel, and was attended by Enos Lee, president of the New York State Farm Bureau, and by representatives of the railroad men of the state. The purpose of the conference was to discuss the problem of the transportation of farm products, and to see that the two industries were in the transportation of farm products. Mr. Lee presided at the conference, and E. V. Titus, president of the New York State Farm Bureau, acted as secretary. The conference included a discussion of the problem of the transportation of farm products, and of the importance of the farm products to the state.
