

## Sign-Boards on the Up-Road

By Hamilton B. Williams

### "Ratio ultimo vincet."

A rational program for universal consciousness will be engaged upon that which is the expression of a normal world-life. Our main business is not to find devices for going to heaven, but to find the roads which lead to the needs of the world. If God revealed Himself on other than positive roads . . . well the game would not be worth the playing. God comes unto life through human capacities. Upon the roads of Love, Joy, Peace, Goodness, Gentleness, Faithfulness, Meekness (descriptive) "Self-Mastery." He reveals His purpose. These roads are constructive roads.

If our mental capacities find great joy in great industrial and social projects, in philosophic and scientific adventure, shall the Spirit of Man be given over to so trivial devices as we see generally?

Let us rather think in terms of Universal citizenship and engage our powers co-ordinated by a true spirit.

### HOME BUREAU MANAGER IN AUTO ACCIDENT

Miss Frances Tomer of the Home Bureau was badly bruised and shaken up last Saturday morning when her Ford coupe suddenly left the road and after rolling over several times came to a standstill almost a complete wreck, but strange to say, the occupant miraculously escaped injury.

Miss Tomer was on her way to Rochester and was near the Rice farm on the Belvidere-Transit state road when the accident occurred. The real cause of the mishap will probably remain a mystery but tourists who were near say the car suddenly swerved from the road without apparent cause. Strange to say of the seven windows in the car only one was broken.

A Miss Snow is acting for Miss Tomer at the office while she is recovering from a bad case of nerves. —Bemont Dispatcher.

### CAR STOLEN GETS NEW GARB DURING ABSENCE

Thieves Cache Machine in Park and Industiously Apply the Paint Brush.

OLEAN, July 24.—Theft of the Ford roadster of H. H. Thomas, 519 North Fifth street, meant a new coat of paint, brown in color, and a tank of gasoline.

The machine stolen from East Avenue and State streets last week, was found in Riverhurst park yesterday. When the car ran out of gasoline one night last week, Mr. Thomas parked it at East Avenue and State street. He learned it was stolen when he returned with a can of "gas" from a filling station.

Police were notified of the car in the park. It was hidden in the bushes where it had been painted. The paint cans will be traced in an effort to learn the identity of the thief. The license plates were found on the river bank, where they had been thrown.

### NOTICE TO CUT WEEDS

This is to notify you that section 54 of the Highway Law requires that the owner or occupant of lands abutting upon the highway shall, before the first day of September in each year, cut and remove all noxious weeds, briars and brush growing within the bounds of the highway fronting such premises. If the owner or occupant fails to perform this duty, sections 54 and 55 of the Highway Law requires the town superintendent to cut and remove the same during the month of September and assess the cost as a tax against the property. The town superintendent of your town will be held strictly accountable to the department for the enforcement of the law in this respect.

E. C. HOWLAND, Town Supt. 30

### "GOOD" BEER NOT SO

#### EXTRA GOOD

HORNELL, July 24.—"Nothing but etherized beer," federal agents said this morning, commenting on the "good beer" that they claimed had flooded this section the past month.

"Even the most expert beer

drinker cannot tell the difference between good, untempered with beer of 8 per cent. alcohol and near beer that has been treated with ether or alcohol," they said.

"There is just one way to tell. Beer that has not been tampered with can be drunk by any drinker without any of his senses being dulled. Near beer, that looks, acts,

tastes and appears like the real stuff, but which has been treated with alcohol or ether, warps the senses after four or five drinks. You get the latter, but the risk of transporting the real stuff is too great—and it isn't being done," they concluded.
