AN EFFICIENT OFFICER.

Andover's Health Officer Believes in "Swatting" the Flies.

Andover's Health Officer is efficient at any rate. He is so desirous for the health and welfare of his constituents that he might have been seen starting out from his home—after having annihilated all of the microbes, bacteria and especially flies from his own domicile—with an old fashioned fly spat in hand ready to combat everything detrimental—to the fair escutcheon of the Village of Andover.

Doc evidently doesn't believe in "Letting George Do It," but goes forth, weapon in hand, to do it himself, especially so when it comes to killing flies.

What town can beat this record of an efficient officer in the performance of his duty?

FIXING FENCES

Cuba Man Extending Glad Hand to Andover Republicans.

Attorney Walter N. Renwick of Cuba was in Andover Monday, looking after his political fences at the coming Primary Election, as candidate for District Attorney on the Republican ticket.

Attorney Renwick is one of Allegany County's leading lawyers and is a strong contestant for the office to which he aspires. The chances seem very favorable that he may receive the coveted position, as the Republican party in Allegany County really owe Cuba the nomination. The office has been held for many years by attorneys emanating from Wellsville, and it is only fair to pass some of the plums along to other towns occasionally.

Mr. Renwick has had splendid success as a trial lawyer before both County and Supreme Courts, and is a man of acknowledged ability. He stands for the best interests of the people in all matters, his sympathies are all in line with that of the best of our citizens.

Should Attorney Renwick obtain the Republican nomination for District Attorney, his election is certain, as there will be no contesting candidate on the Democratic ticket.

Mr. Renwick has spoken in Andover at memorial services and other occasions and has made many warm personal friends here who wish him success, politically and in all ways.
