Is Now to Be Found in Our Ready-to-Wear Sections

THE AUTUMN mode is already established; and the C. F. Babcock Co., Inc., presents for Women and Misses, Frocks, Wraps, Suits, Furs and Millinery authentic in every detail and destined to be the successes of the new season.

THE FROCK is lovelier—more alluringly feminine than ever. Frocks of Polart Twills and the New Charmen bid strongly for the place of the costume suit, especially when combined with a smart choker of fur.

THE WRAP is luxuriously beautiful, rich in fur and distinctively graceful. Fashioned of deep pile velvety fabrics, some elaborately embroidered. We mention Printzess Wraps especially for those who desire the new styles first and who demand perfection in design and workmanship.

THE TAILORED SUIT is always smart when tailored by Printz and in these the chic of Paris and the dash of America combine to give an air of irresistible charm.

THE HAT may well be called the "crowning glory" of the costume. Many famous pattern hat-makers have exerted themselves to make our advance Fall showing most brilliant.
