## CONFLICTING PRICES IN MARKET TODAY

Wall Street, (Opening)—Conflicting price movement took place at the opening of today's stock market. United States Steel, Baldwin and United States Rubber opened fractionally lower. Jones Brothers Tea, which was heavy last week, advanced three points, and International Telephone 1. Ralls were mixed.

Prices stiffened somewhat in the later dealings with the rails showing the most consistent strength. Gains of a point or more were recorded by Reynolds Spring, Vanadium and American Tobacco while Producers and Refiners and American Agricultural Chemical preferred, each dropped about 1½. Foreign exchanges opened irregular.

Wall Street, (Noon)—The resistance shown by the oil shares, several of which moved up a point or more, tended to keep short selling in check in other sections of the list altho weak spots were uncovered. Du Pont dropped 2½ and Jones Brothers Tea lost practically all of its initial gain of three points. The general list fluctuated irregularly within narrow limits during the forenoon, but the main trend appeared to be upward. Skelly, Cosden, Phillips Petroleum and Royal Dutch moved up 1 to 1½ points as did also a

few shares in the textiles and food groups. Call money opened at 4½ per cent.

Wall Street, (1:30 p. m.) The copper shares attracted a considerable number of buying orders in the afternoon and several of the low priced railroads and the Burns Bros. issues were also strong. Studebaker, Baldwin, United States Steel and Continental Can made good upward progress, the last mentioned touching 54, a new high for the year. Du Pont extended its decline to 4½ points before rallying.

## A Little Talk On Courtesy

By THE VETERAN MOTORIST

EVERY motorist who prides himself on being a better-than-average driver knows how important the matter of courtesy is. A whole flock of seemingly little things distinguish really good drivers from only average or fair ones.

Consideration for pedestrians, especially those on the sidewalk, is one of those little things. How often you see a driver go breezing up close to the curb full speed right through a puddle of water. He could have avoided it. But no, he has that darned, "don't care" habit, and a woman has a new dress or expensive cleaning job to pay for. I don't get sore very often. But that particular kind of thoughtlessness always gives me a sharp pain under the collar.

It doesn't cost a red cent to be courteous, and it pays big in the self-respect you get out of it—always.
