

## THRIFT FOUNDED THE NATION

Three hundred and two years ago a band of Pilgrims cast anchor on a wild New England shore.

Scarcely had these brave pioneers settled in their new colony when the terrible winter was upon them. Only half of the party survived the hardships and suffering of that winter.

Nothing daunted, those who were spared stayed on, and planted their crops. By exercising the strictest economy they were able to live and prosper. These Pilgrims learned the value of thrift. Their method left us a lesson that we would do well to follow.

You and your family will prosper and be thankful for opening an account in this reliable institution.

Practice thrift with your spare dollars—that is the surest road to wealth.

Creeds and doctrines may be a sign-board indicating the way that others have traveled, but we must blaze new trails today. We will not know God until we have found God for ourselves. Jesus points out the direction in which we must go if we would find the dwelling-place of the Father."
